Observed log-likelihood

small centroid gap / homoscedastic / balanced

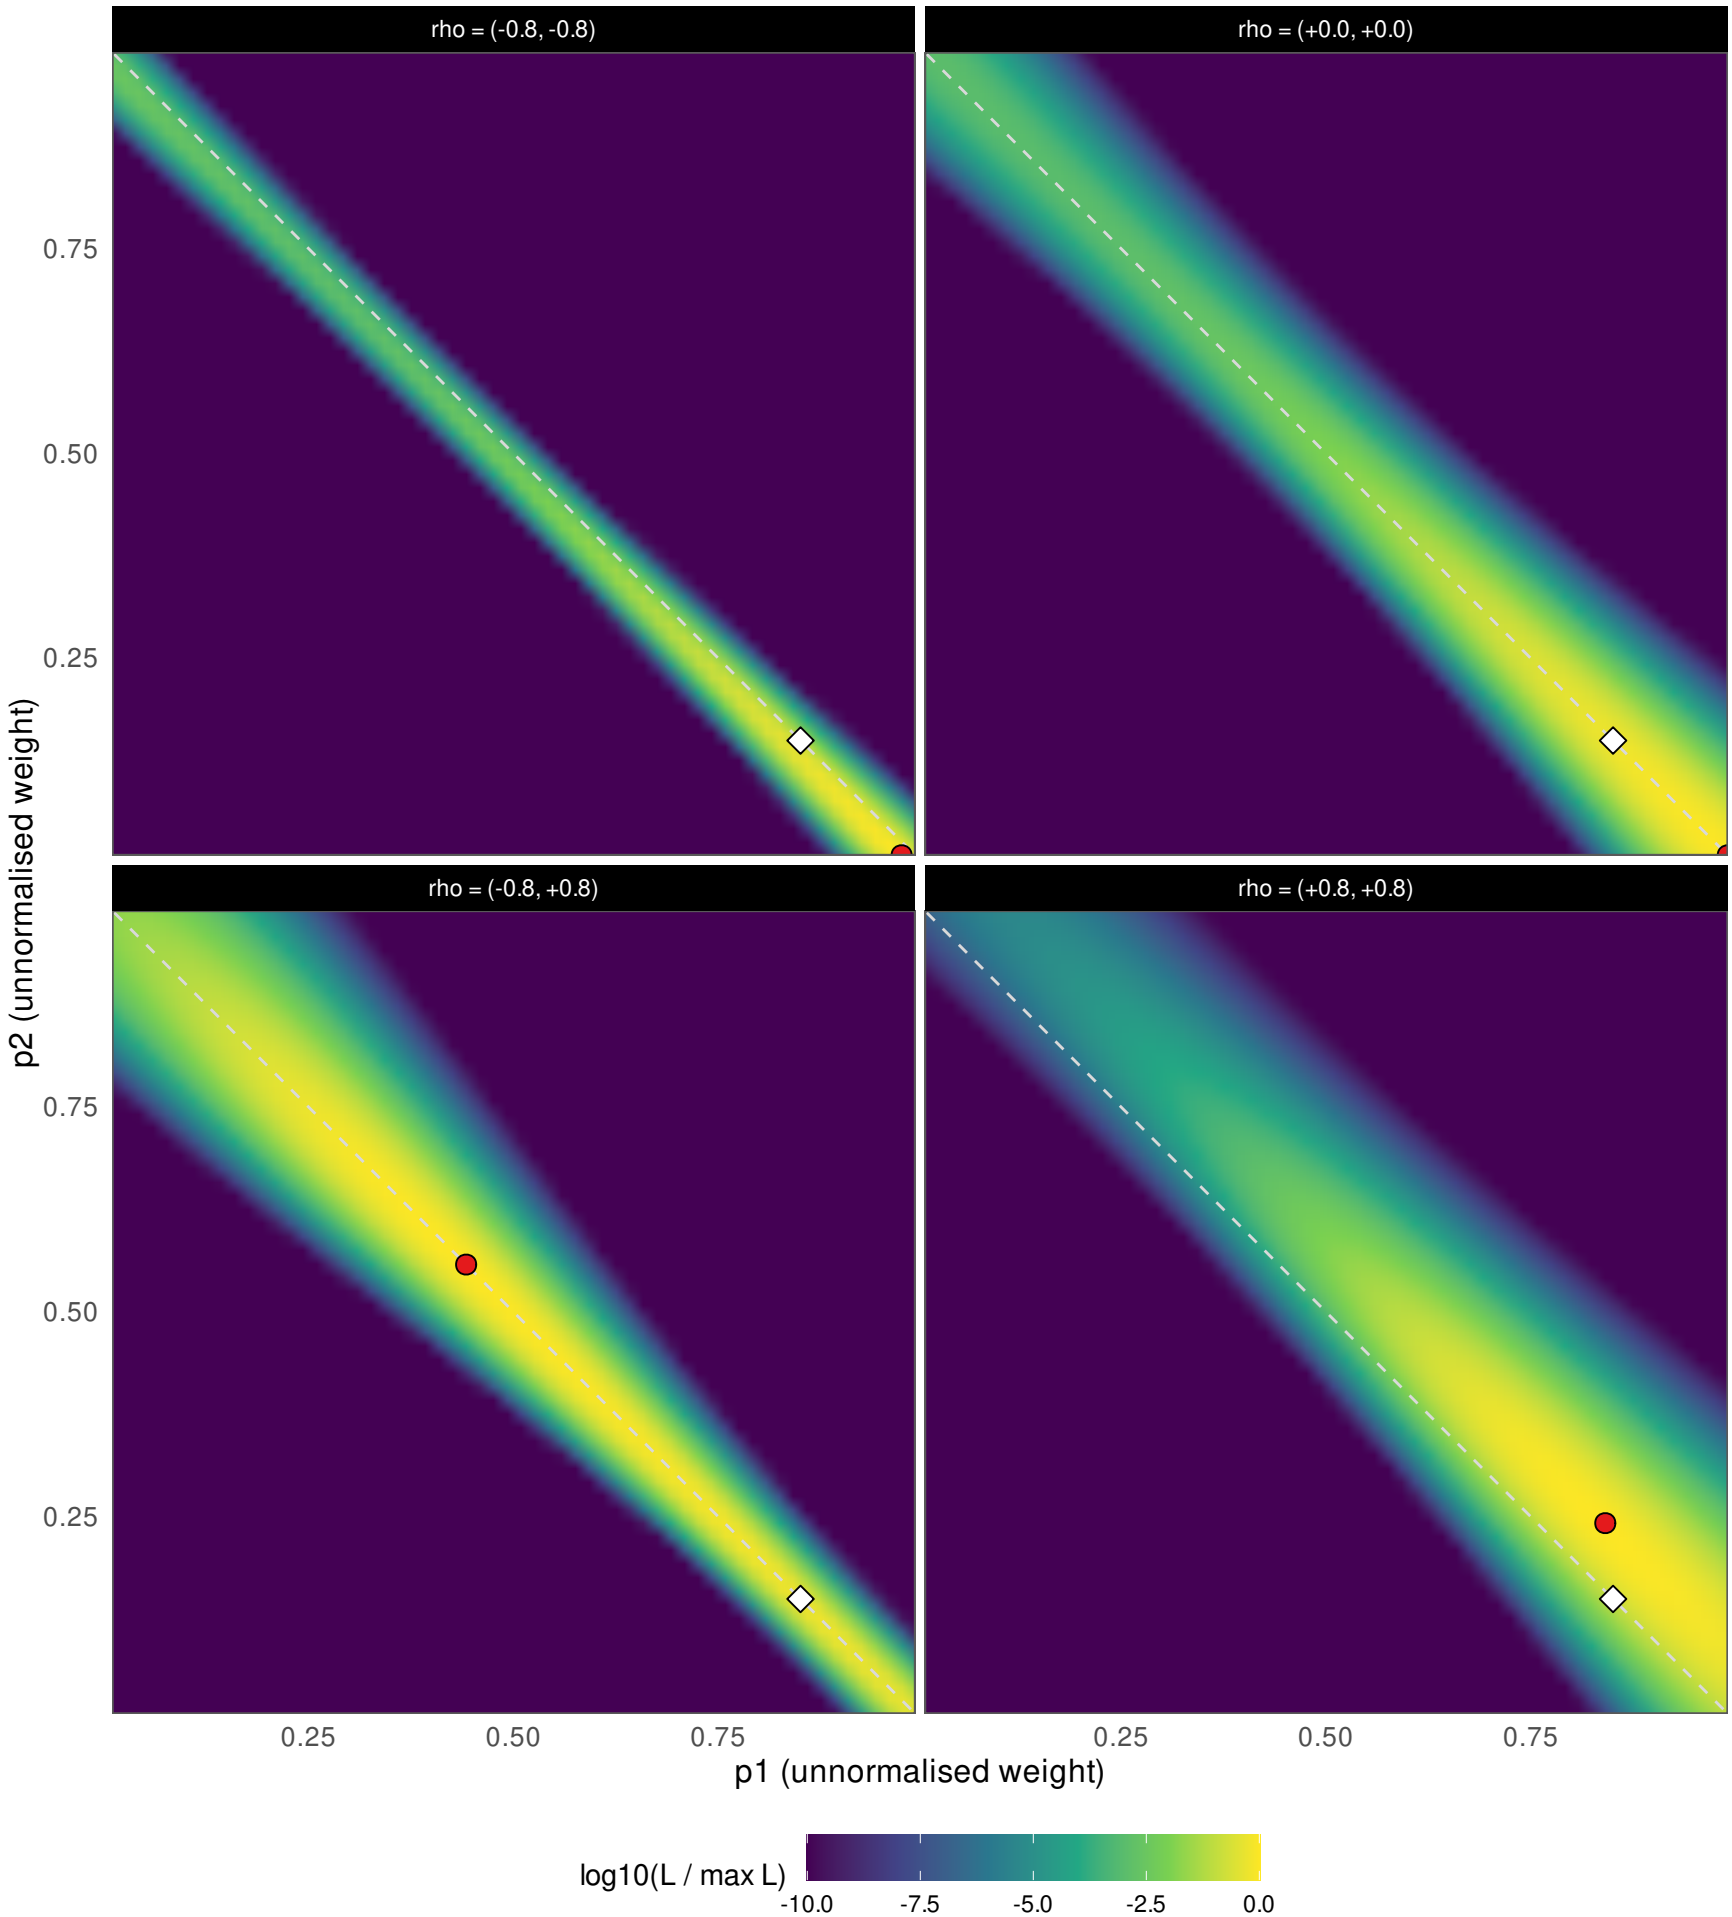

Log-likelihood of the first simulated bulk. Fill: log10(L / max L), floored at -10.

◇ true p* ● maximum on the grid

Observed log-likelihood

small centroid gap / homoscedastic / moderately unbalanced

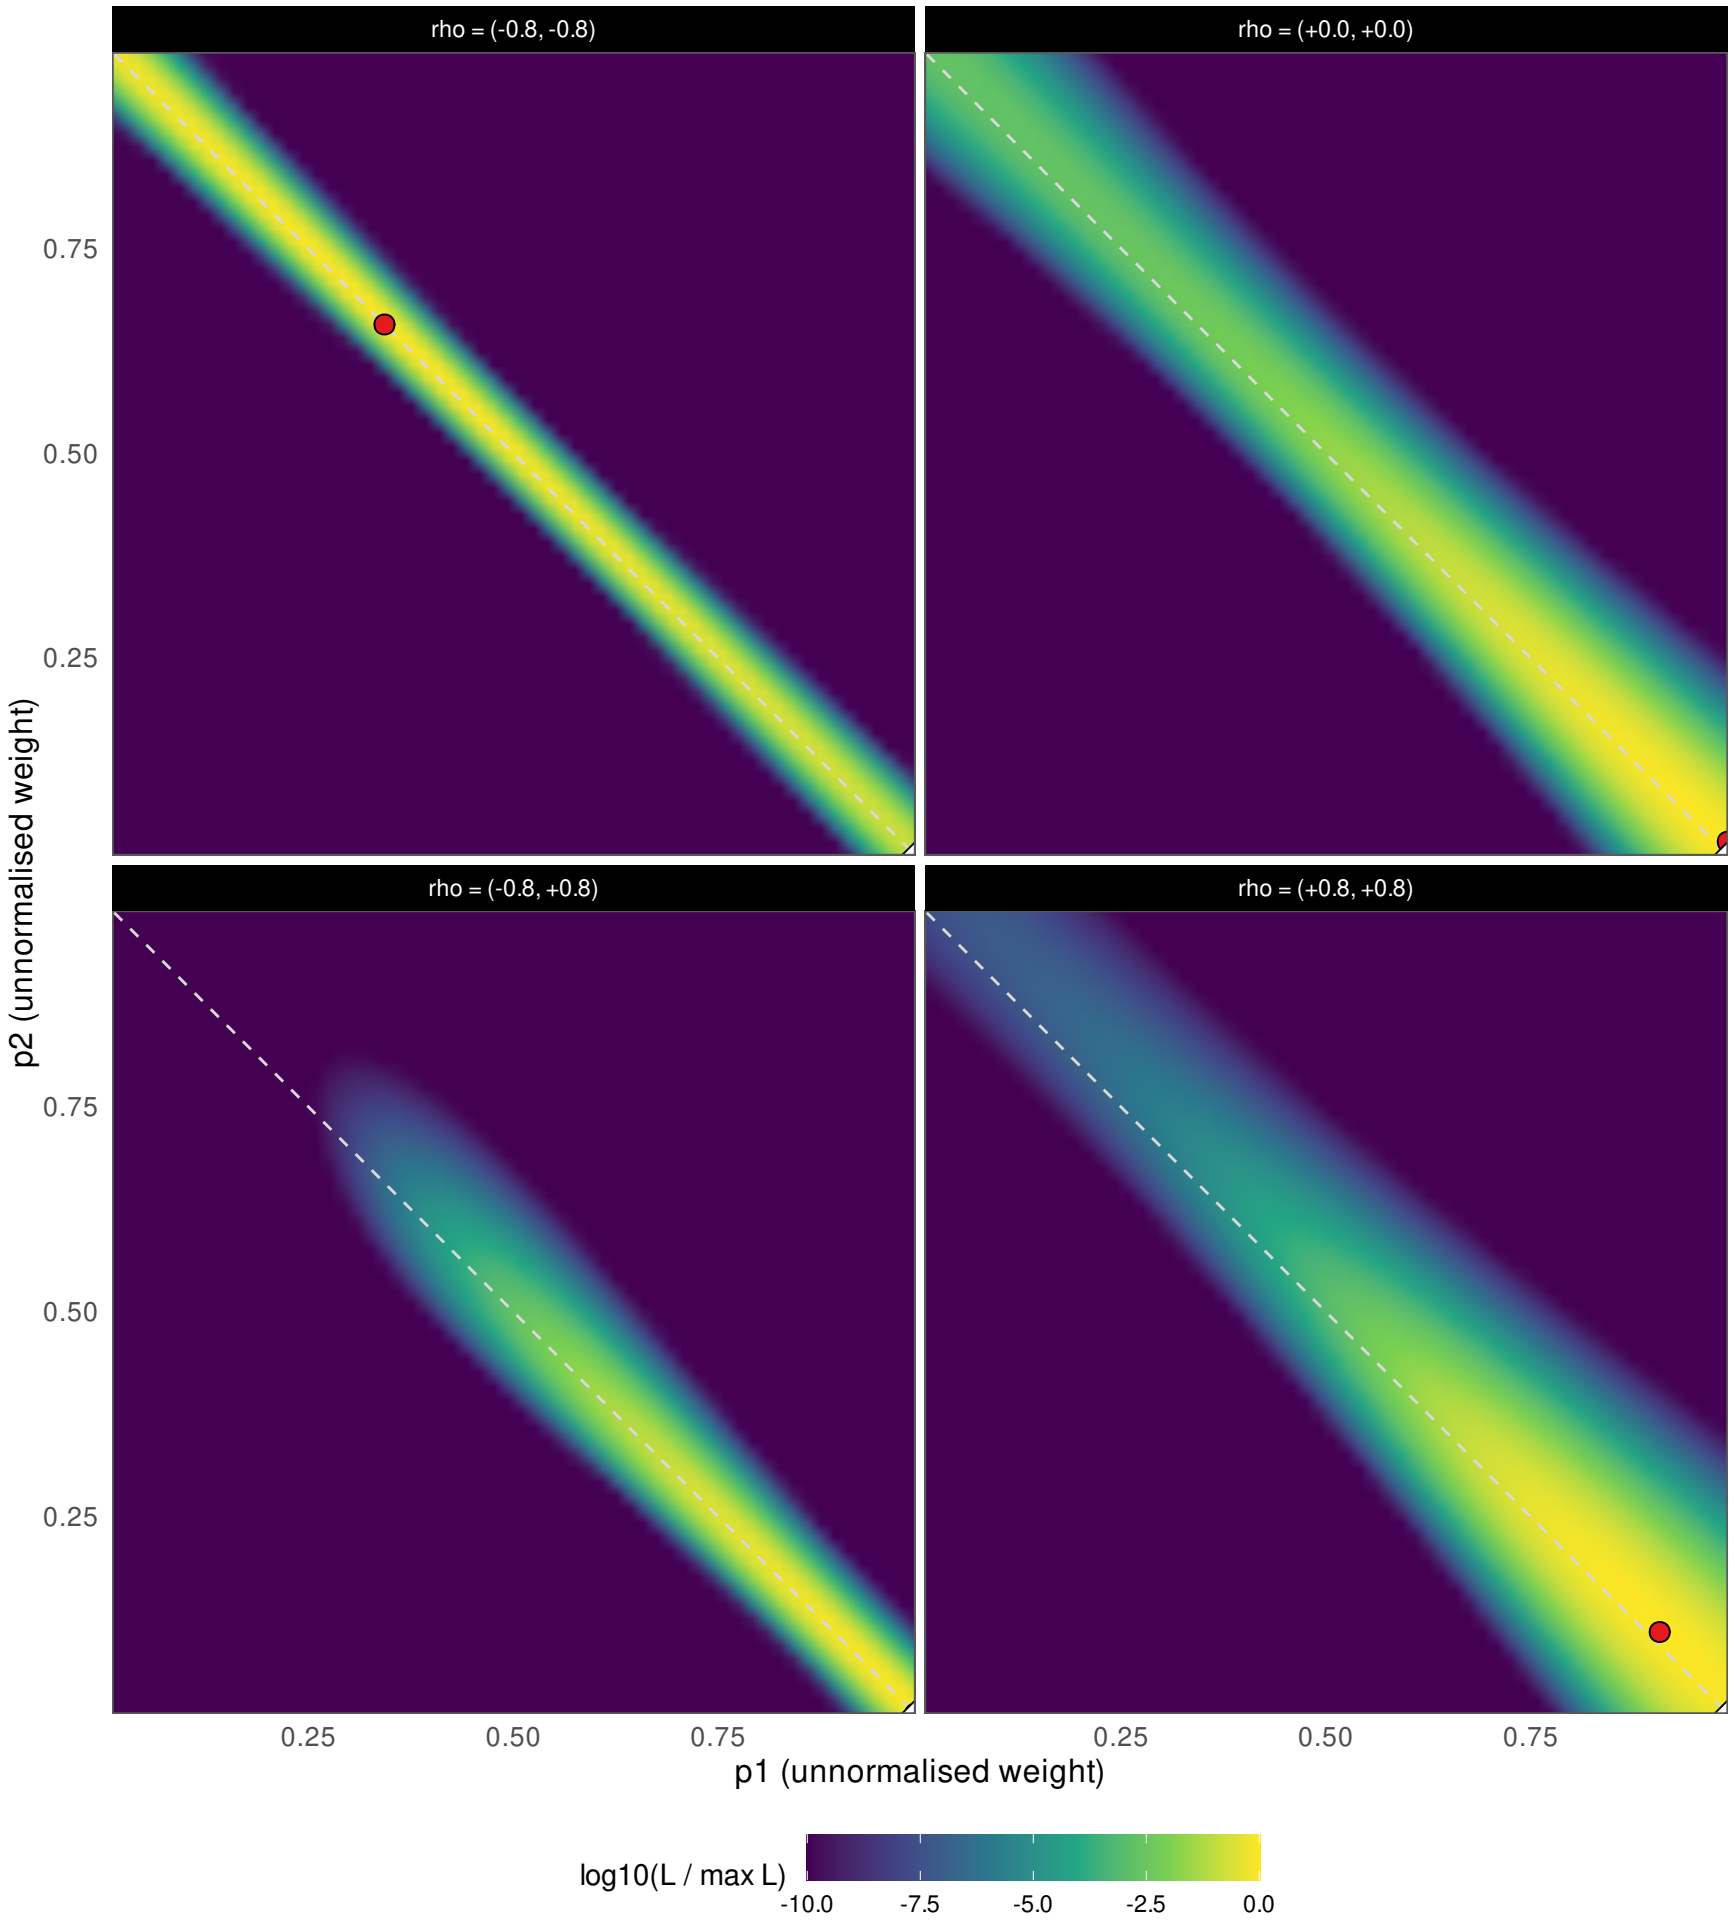

Log-likelihood of the first simulated bulk. Fill: log10(L / max L), floored at -10.

◇ true p* ● maximum on the grid

Observed log-likelihood

small centroid gap / homoscedastic / highly unbalanced

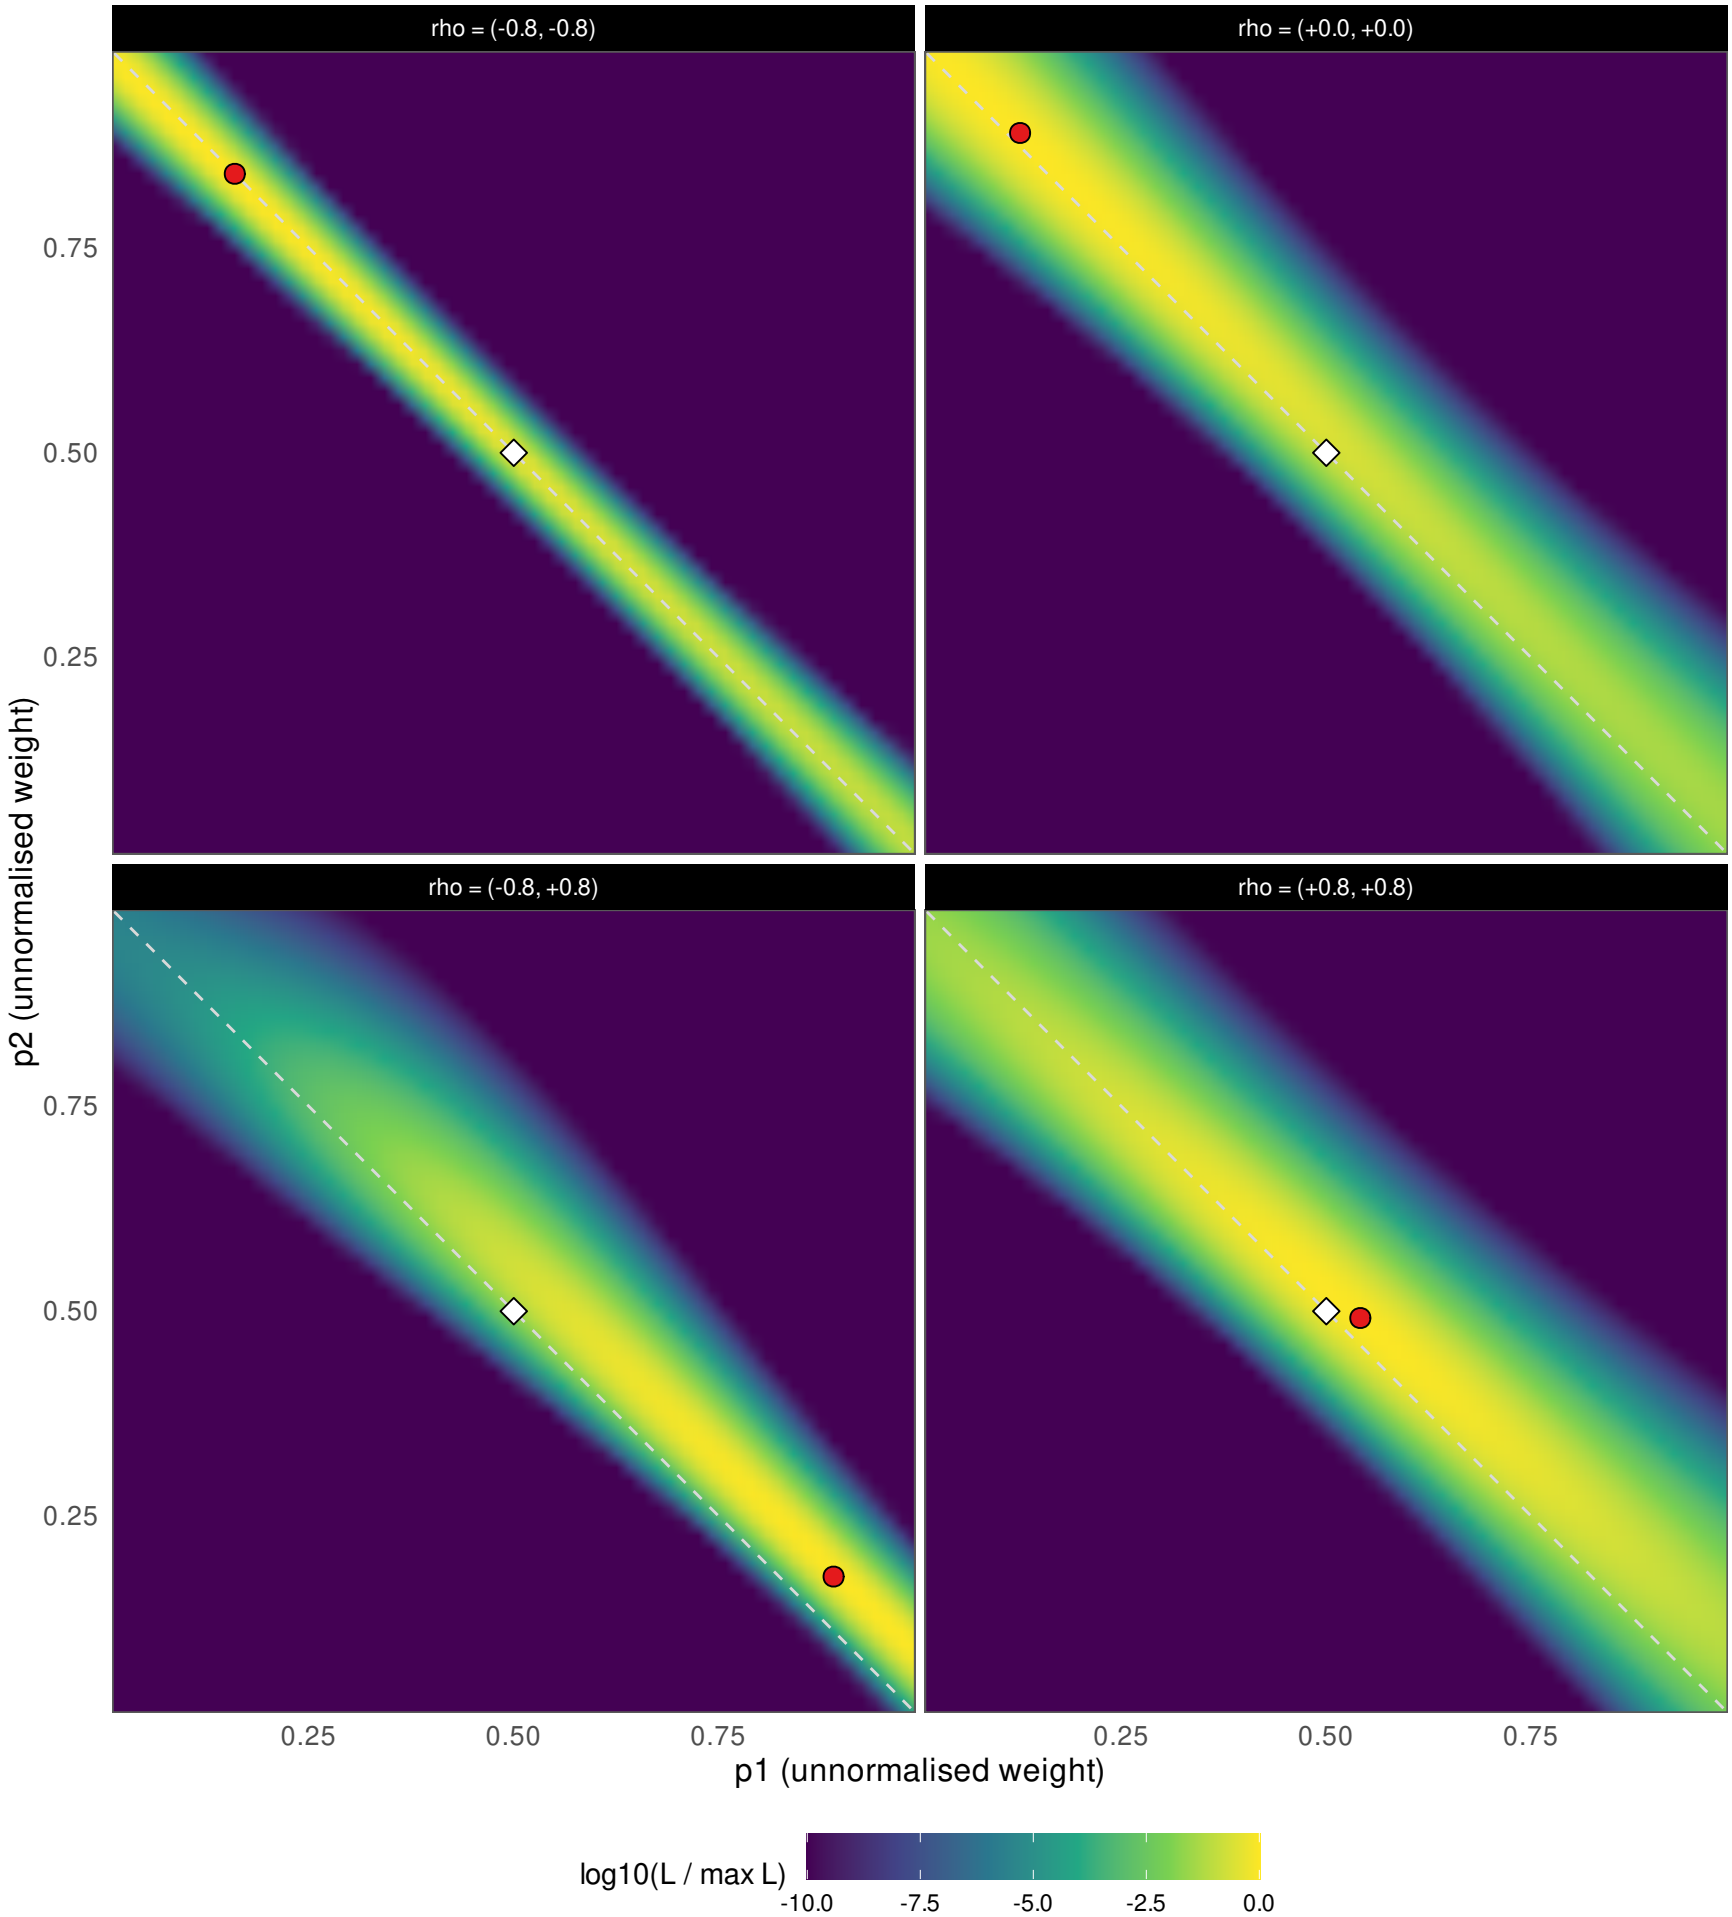

Log-likelihood of the first simulated bulk. Fill: log10(L / max L), floored at -10.

◇ true p* ● maximum on the grid

Observed log-likelihood

small centroid gap / heteroscedastic / balanced

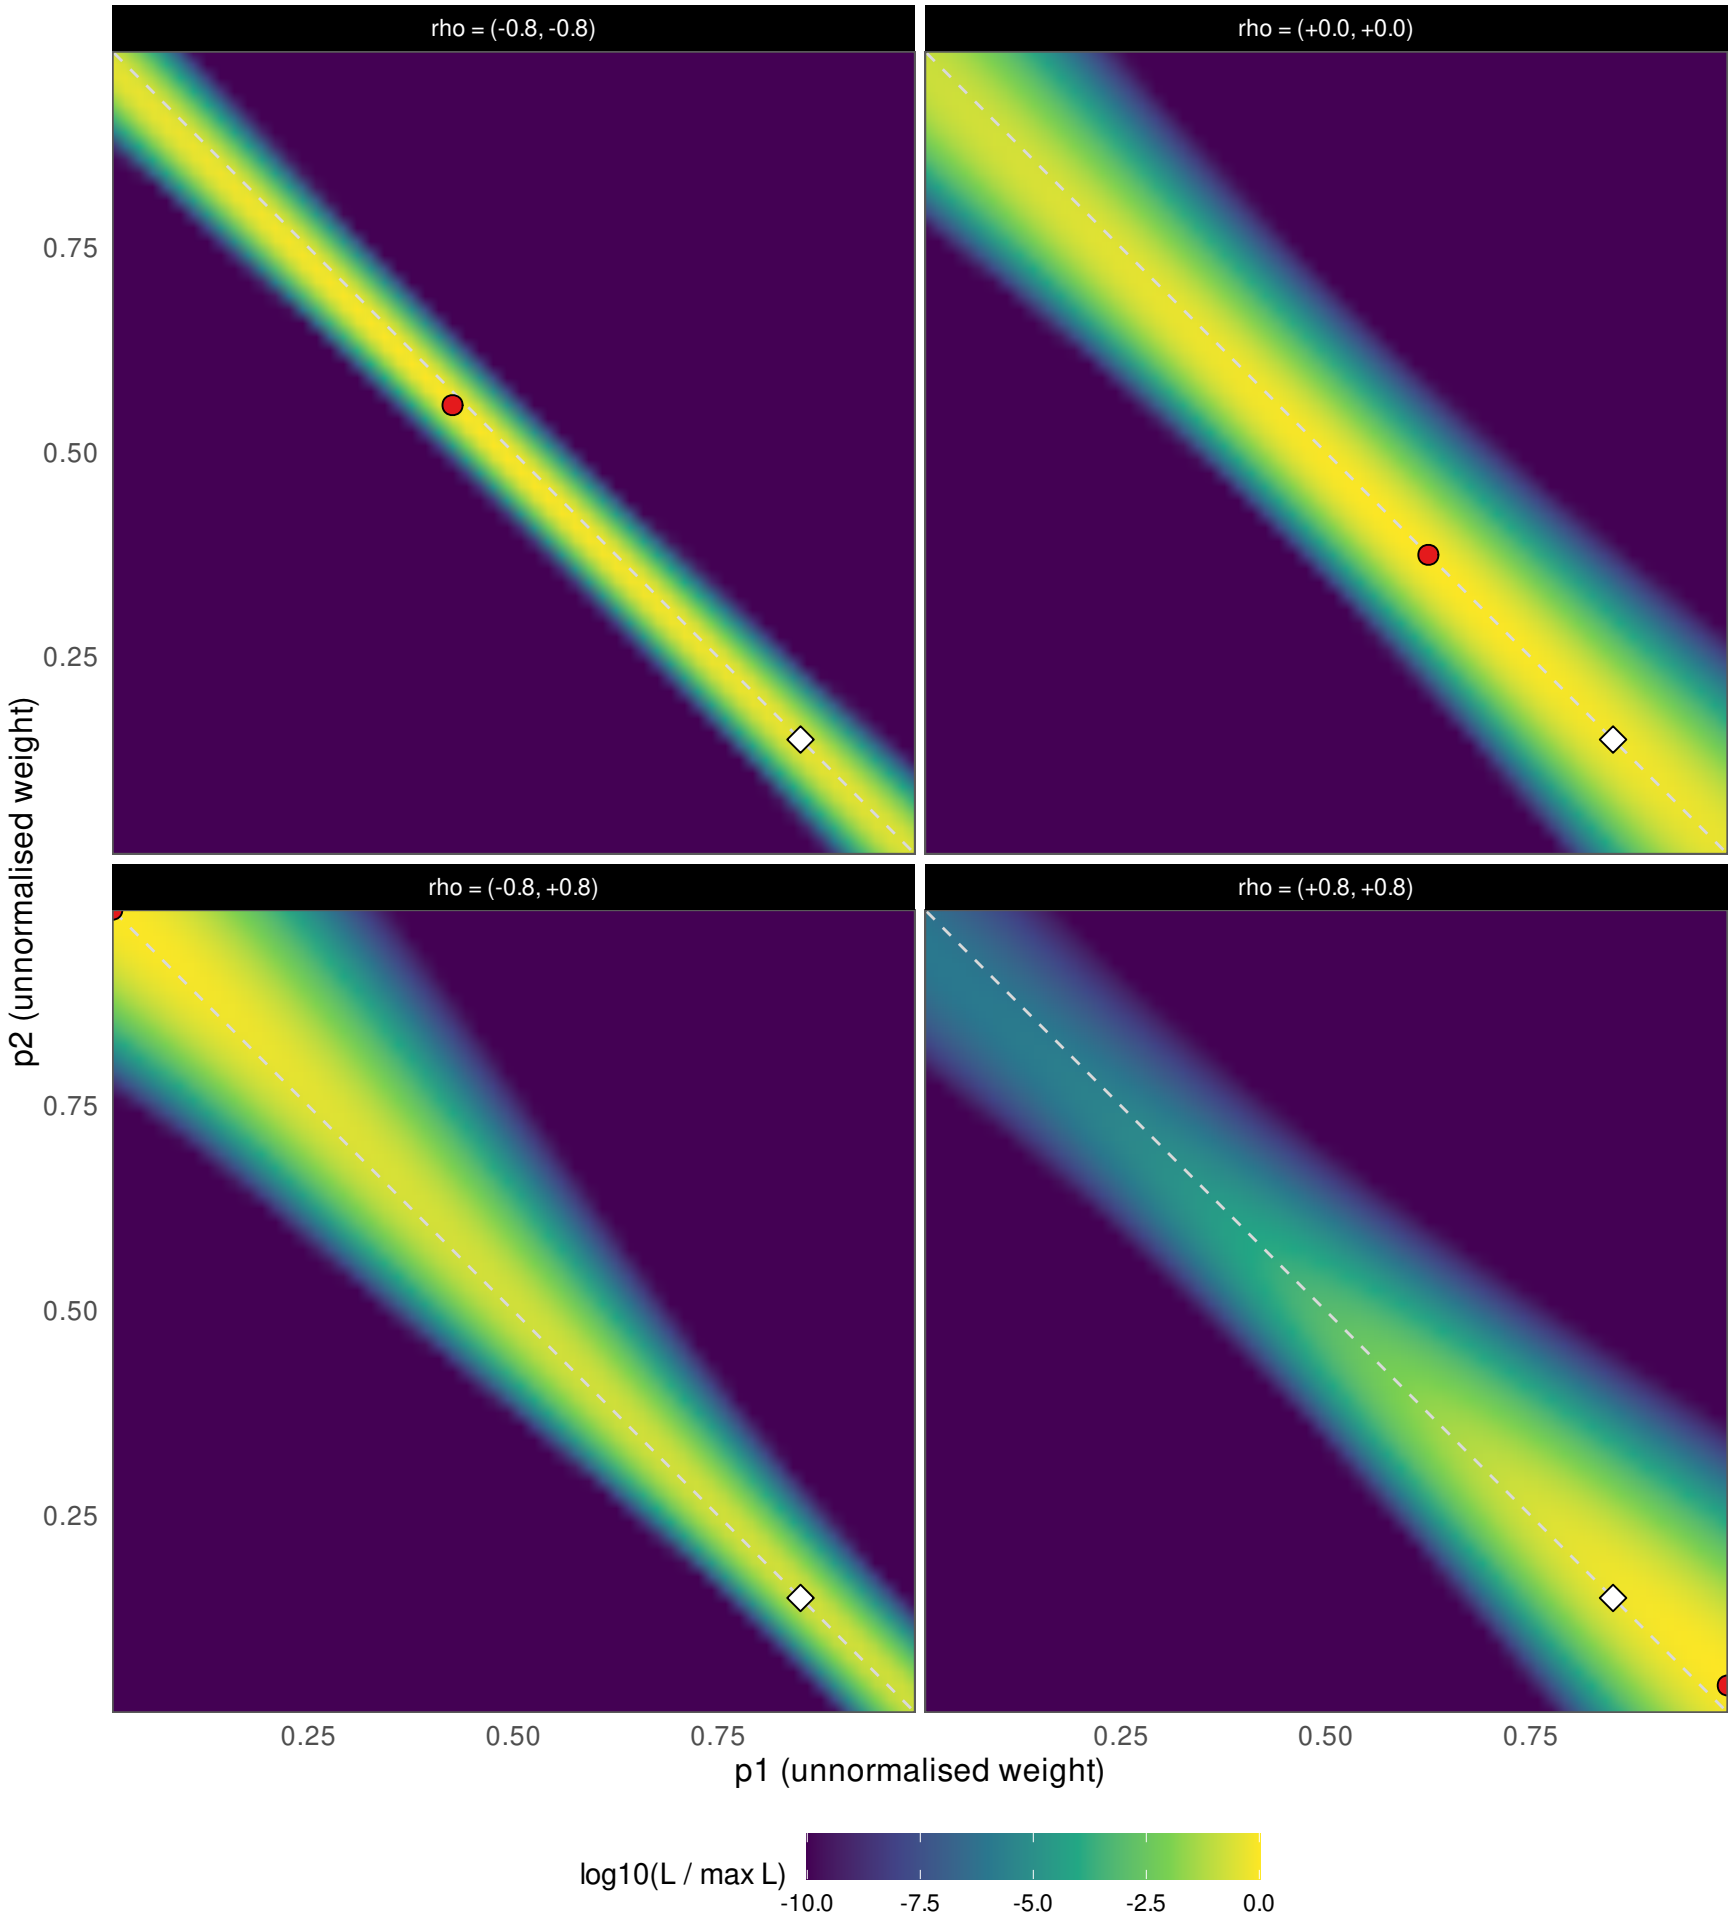

Log-likelihood of the first simulated bulk. Fill: log10(L / max L), floored at -10.

◇ true p* ● maximum on the grid

Observed log-likelihood

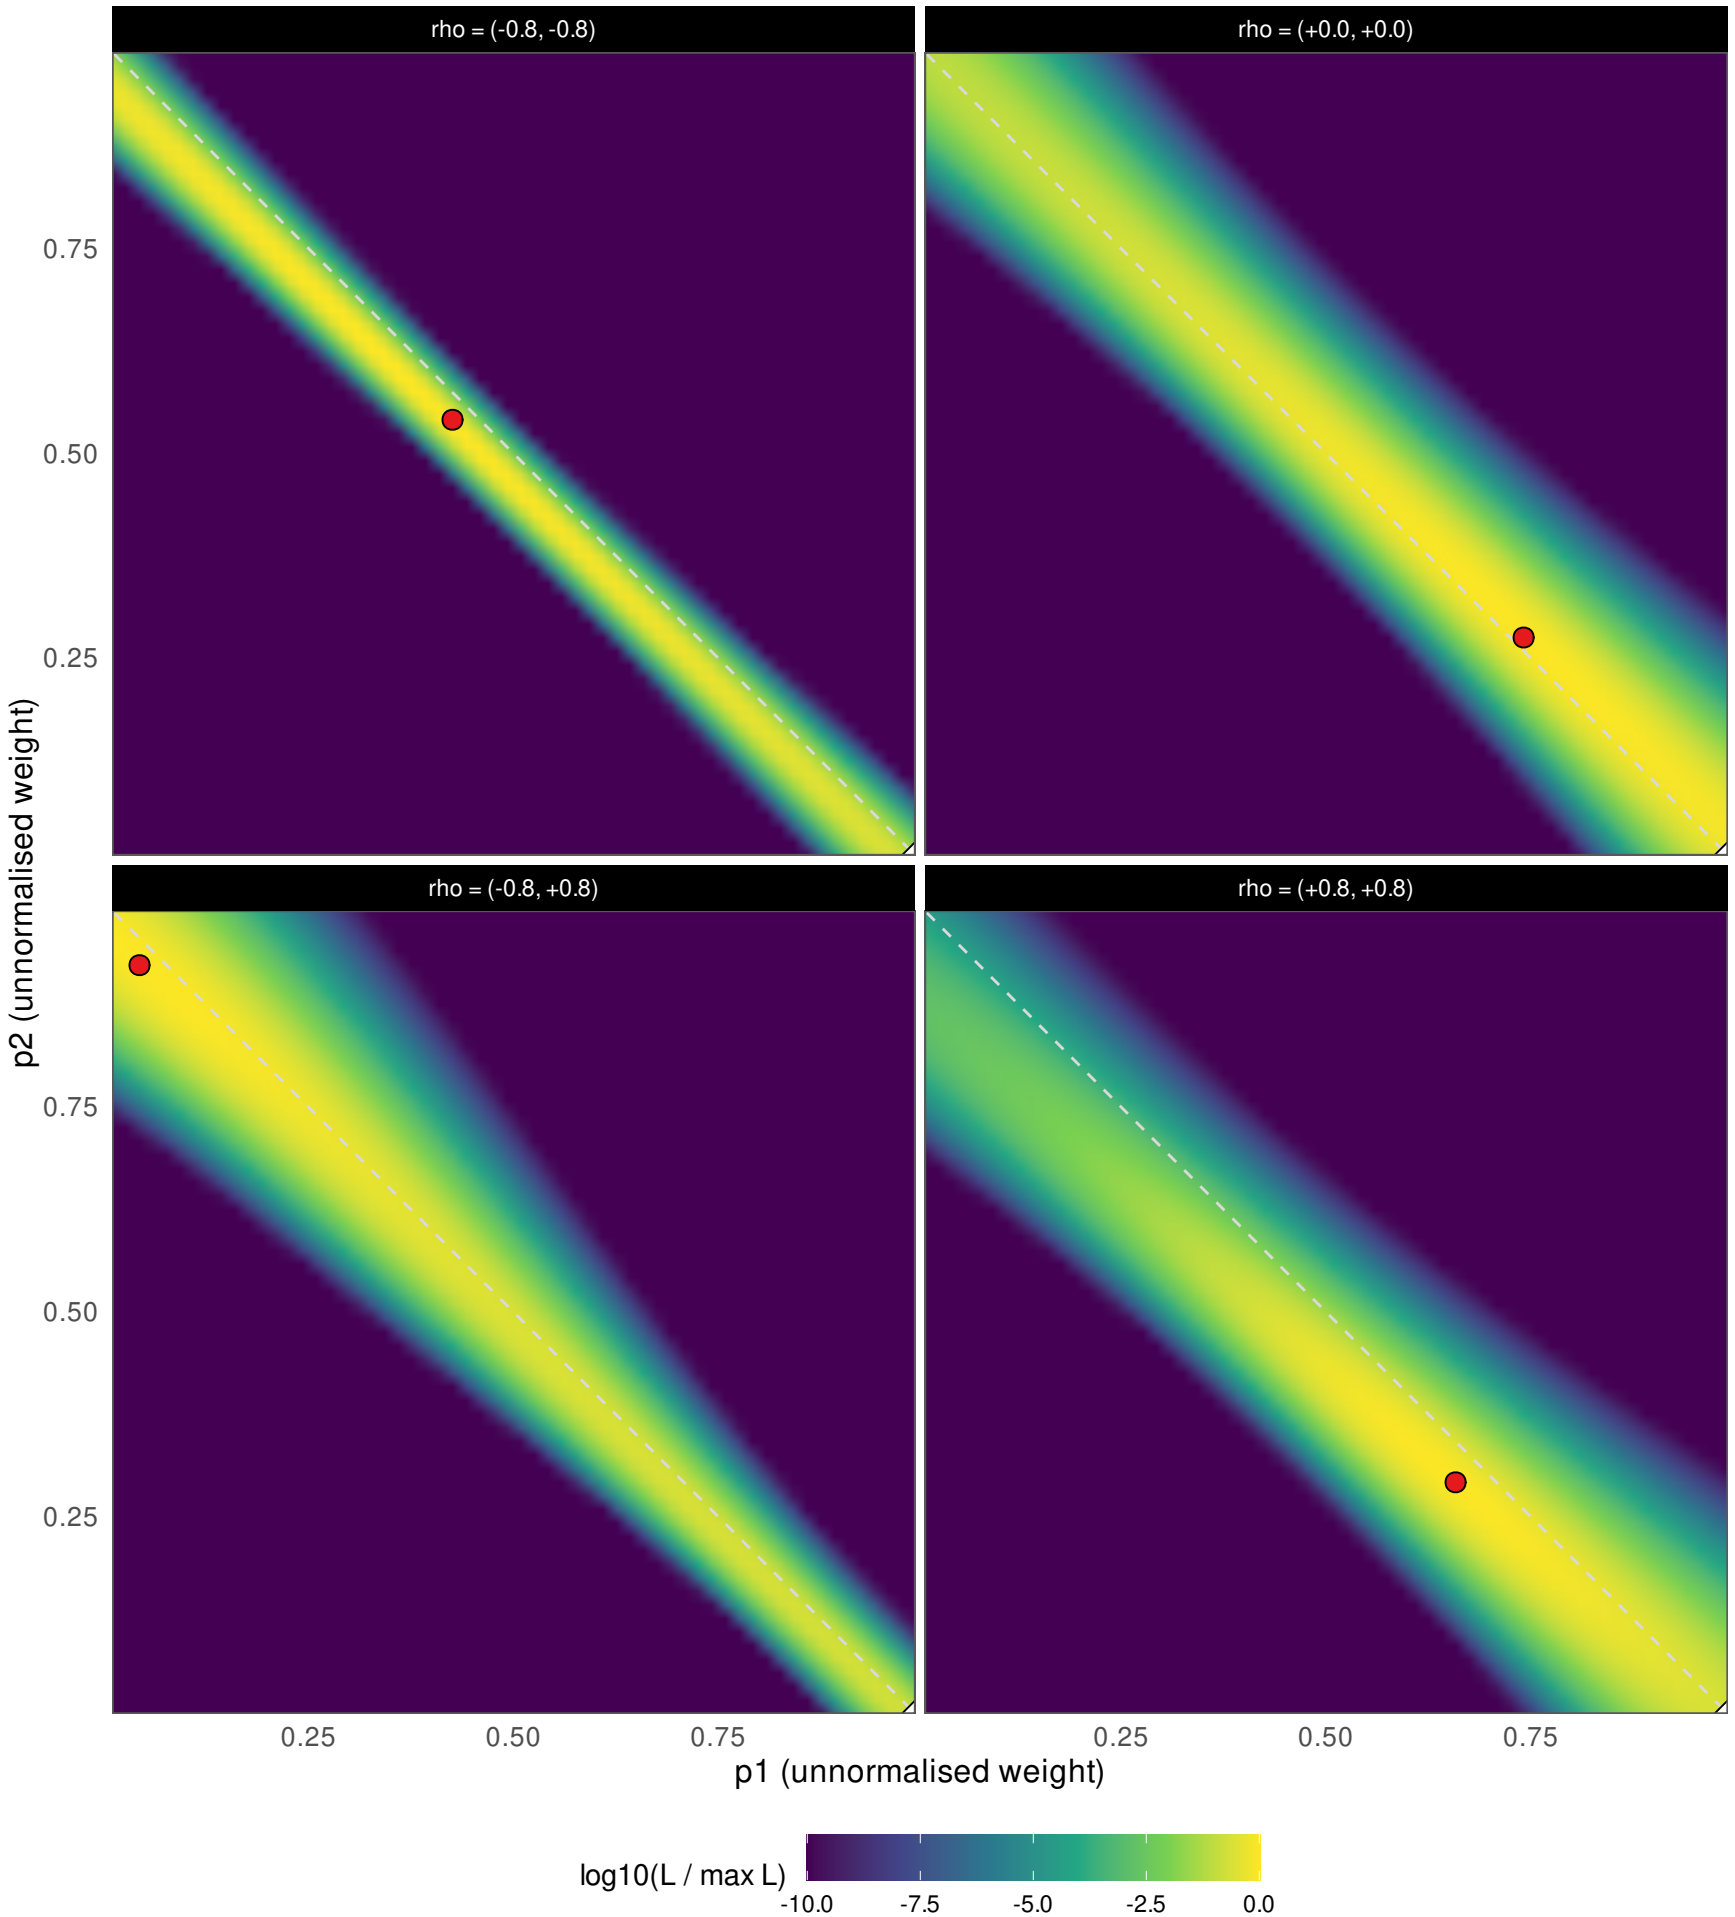

small centroid gap / heteroscedastic / moderately unbalanced

Log-likelihood of the first simulated bulk. Fill: log10(L / max L), floored at -10.

Observed log-likelihood

small centroid gap / heteroscedastic / highly unbalanced

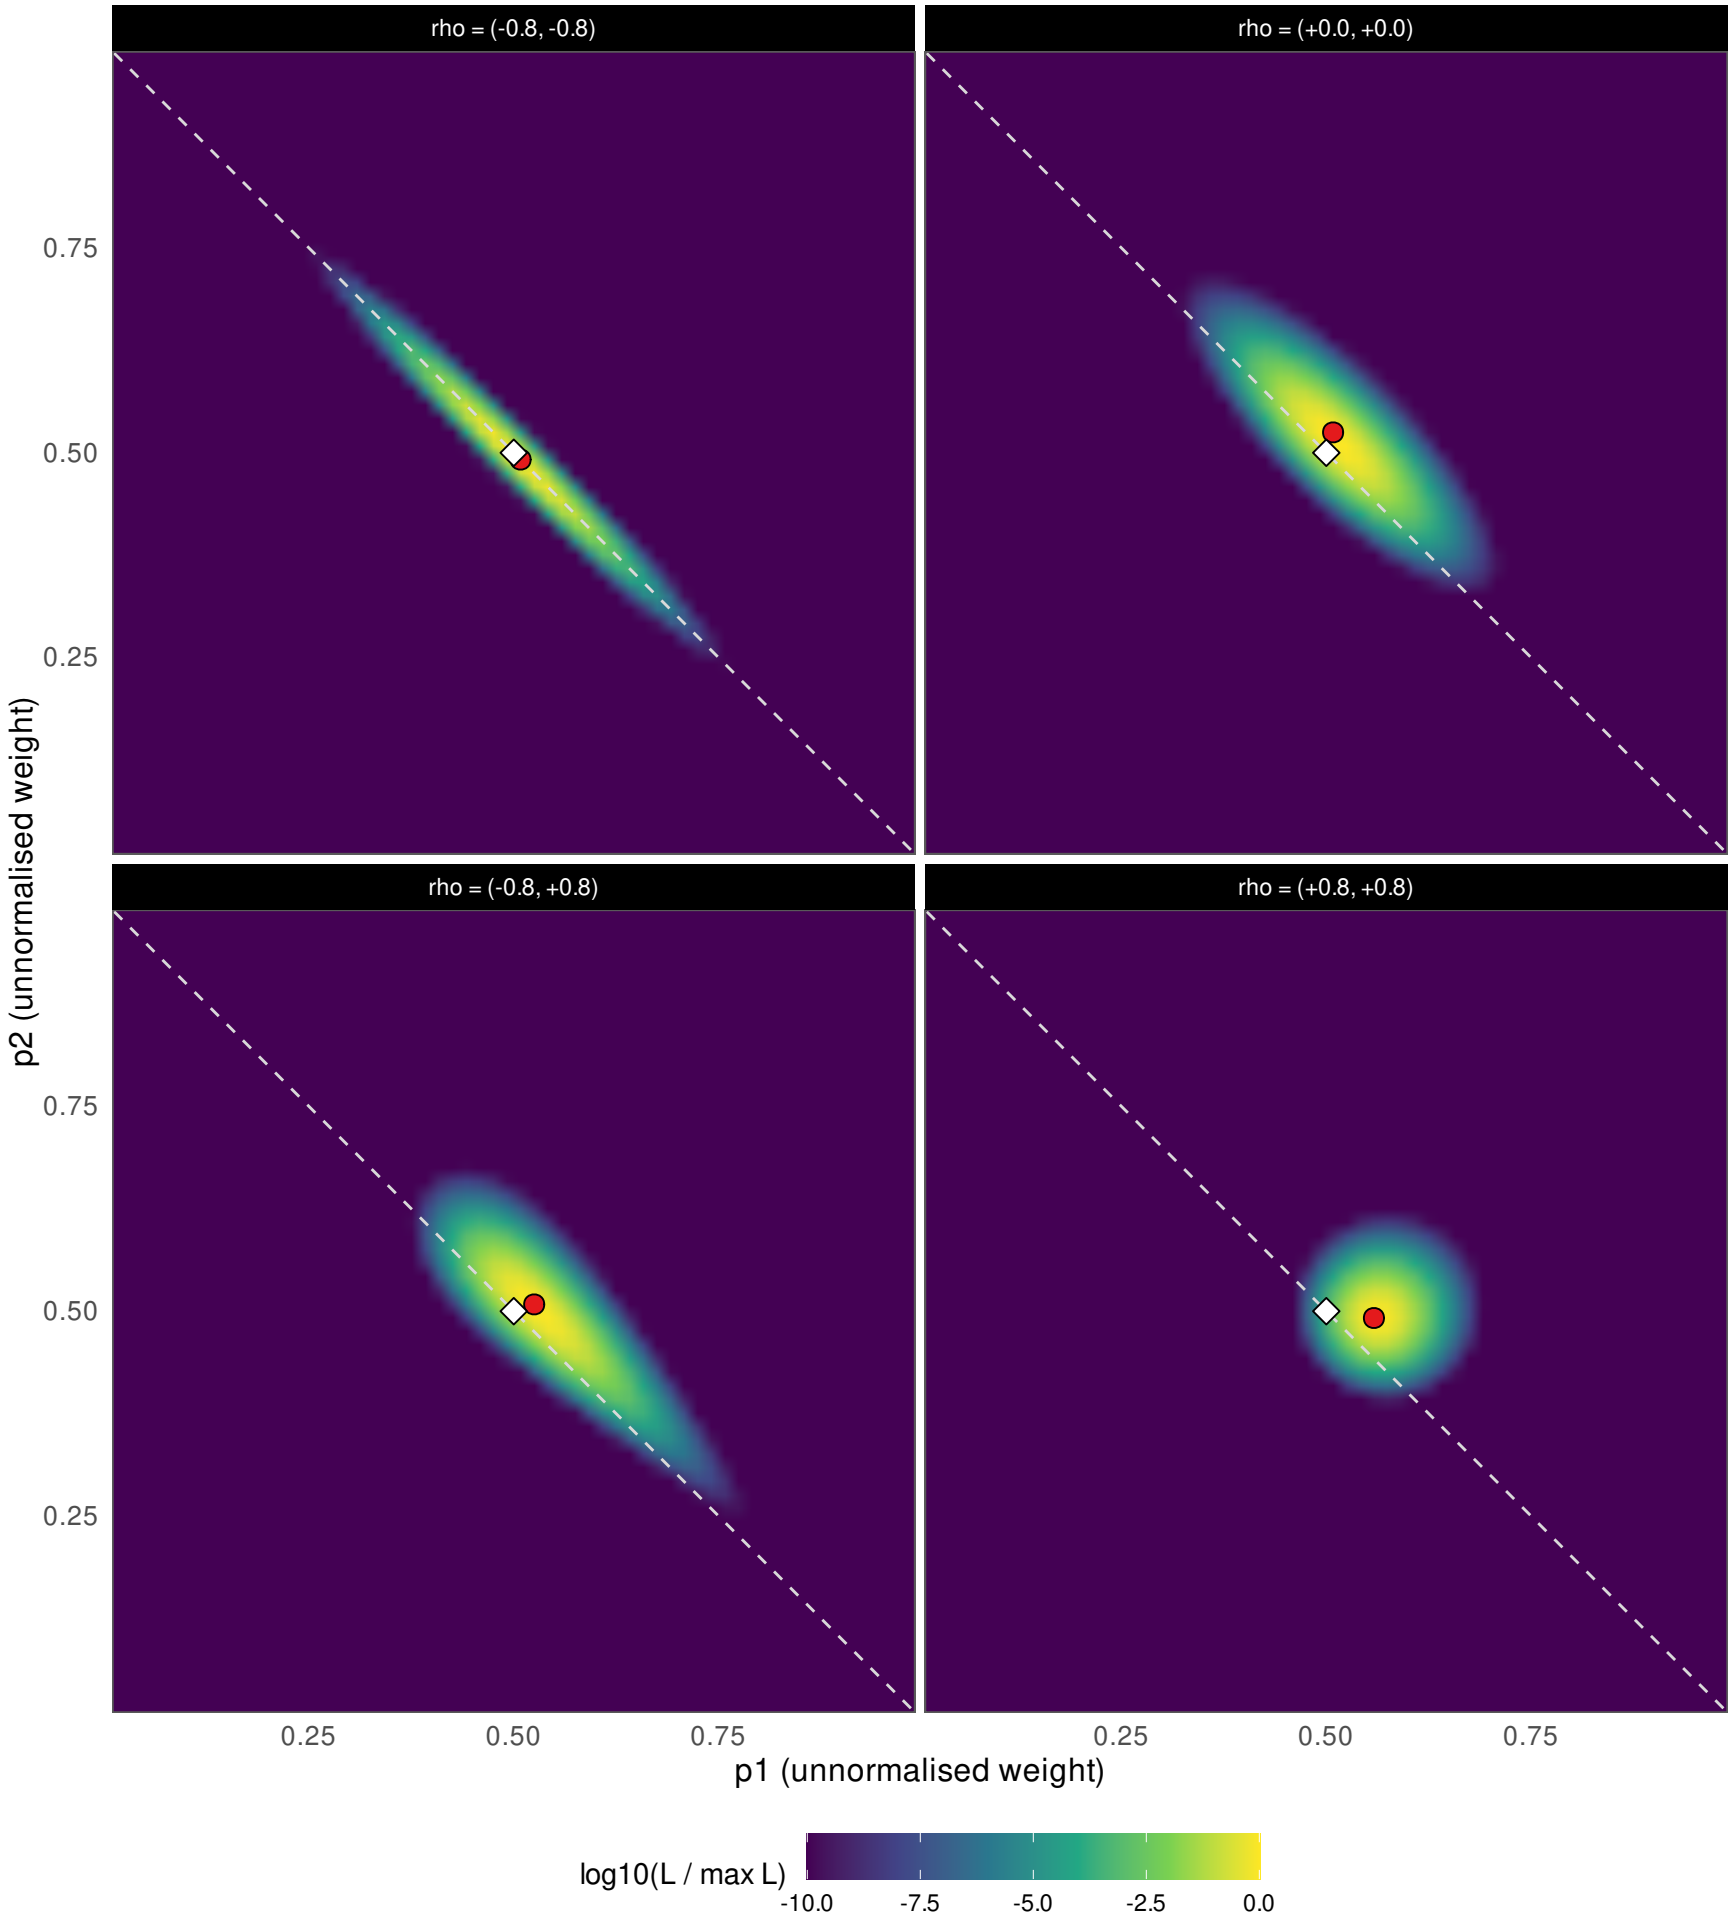

Log-likelihood of the first simulated bulk. Fill: log10(L / max L), floored at -10.

◇ true p* ● maximum on the grid

Observed log-likelihood

large centroid gap / homoscedastic / balanced

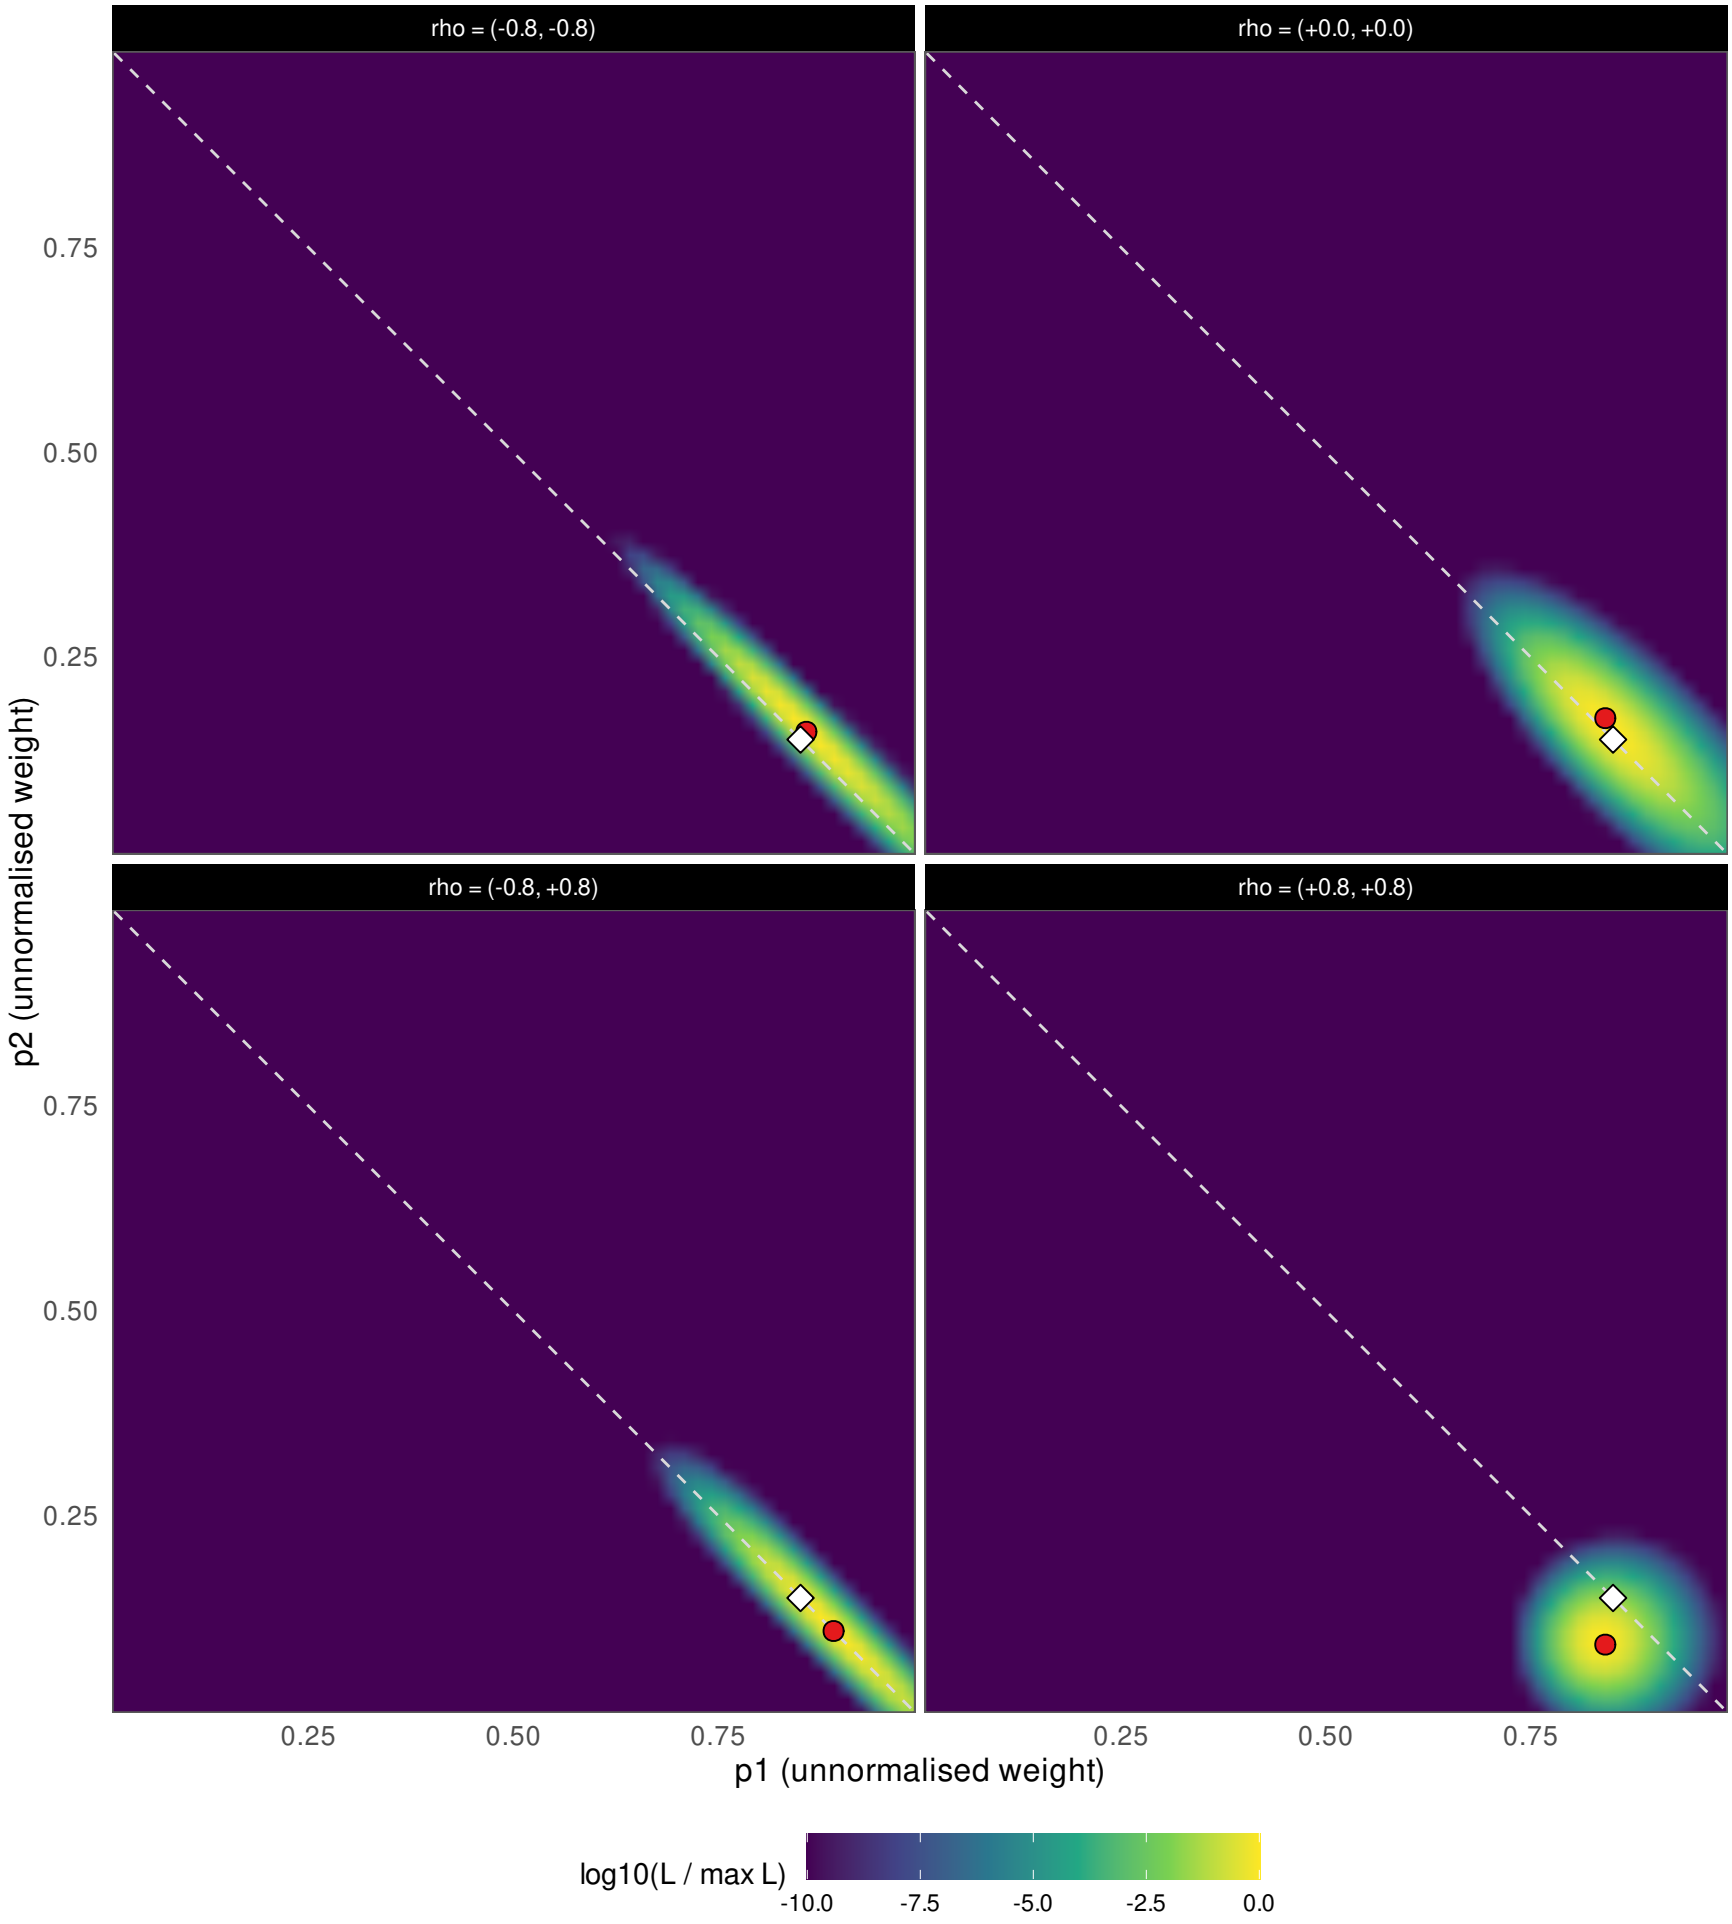

Log-likelihood of the first simulated bulk. Fill: log10(L / max L), floored at -10.

◇ true p* ● maximum on the grid

Observed log-likelihood

large centroid gap / homoscedastic / moderately unbalanced

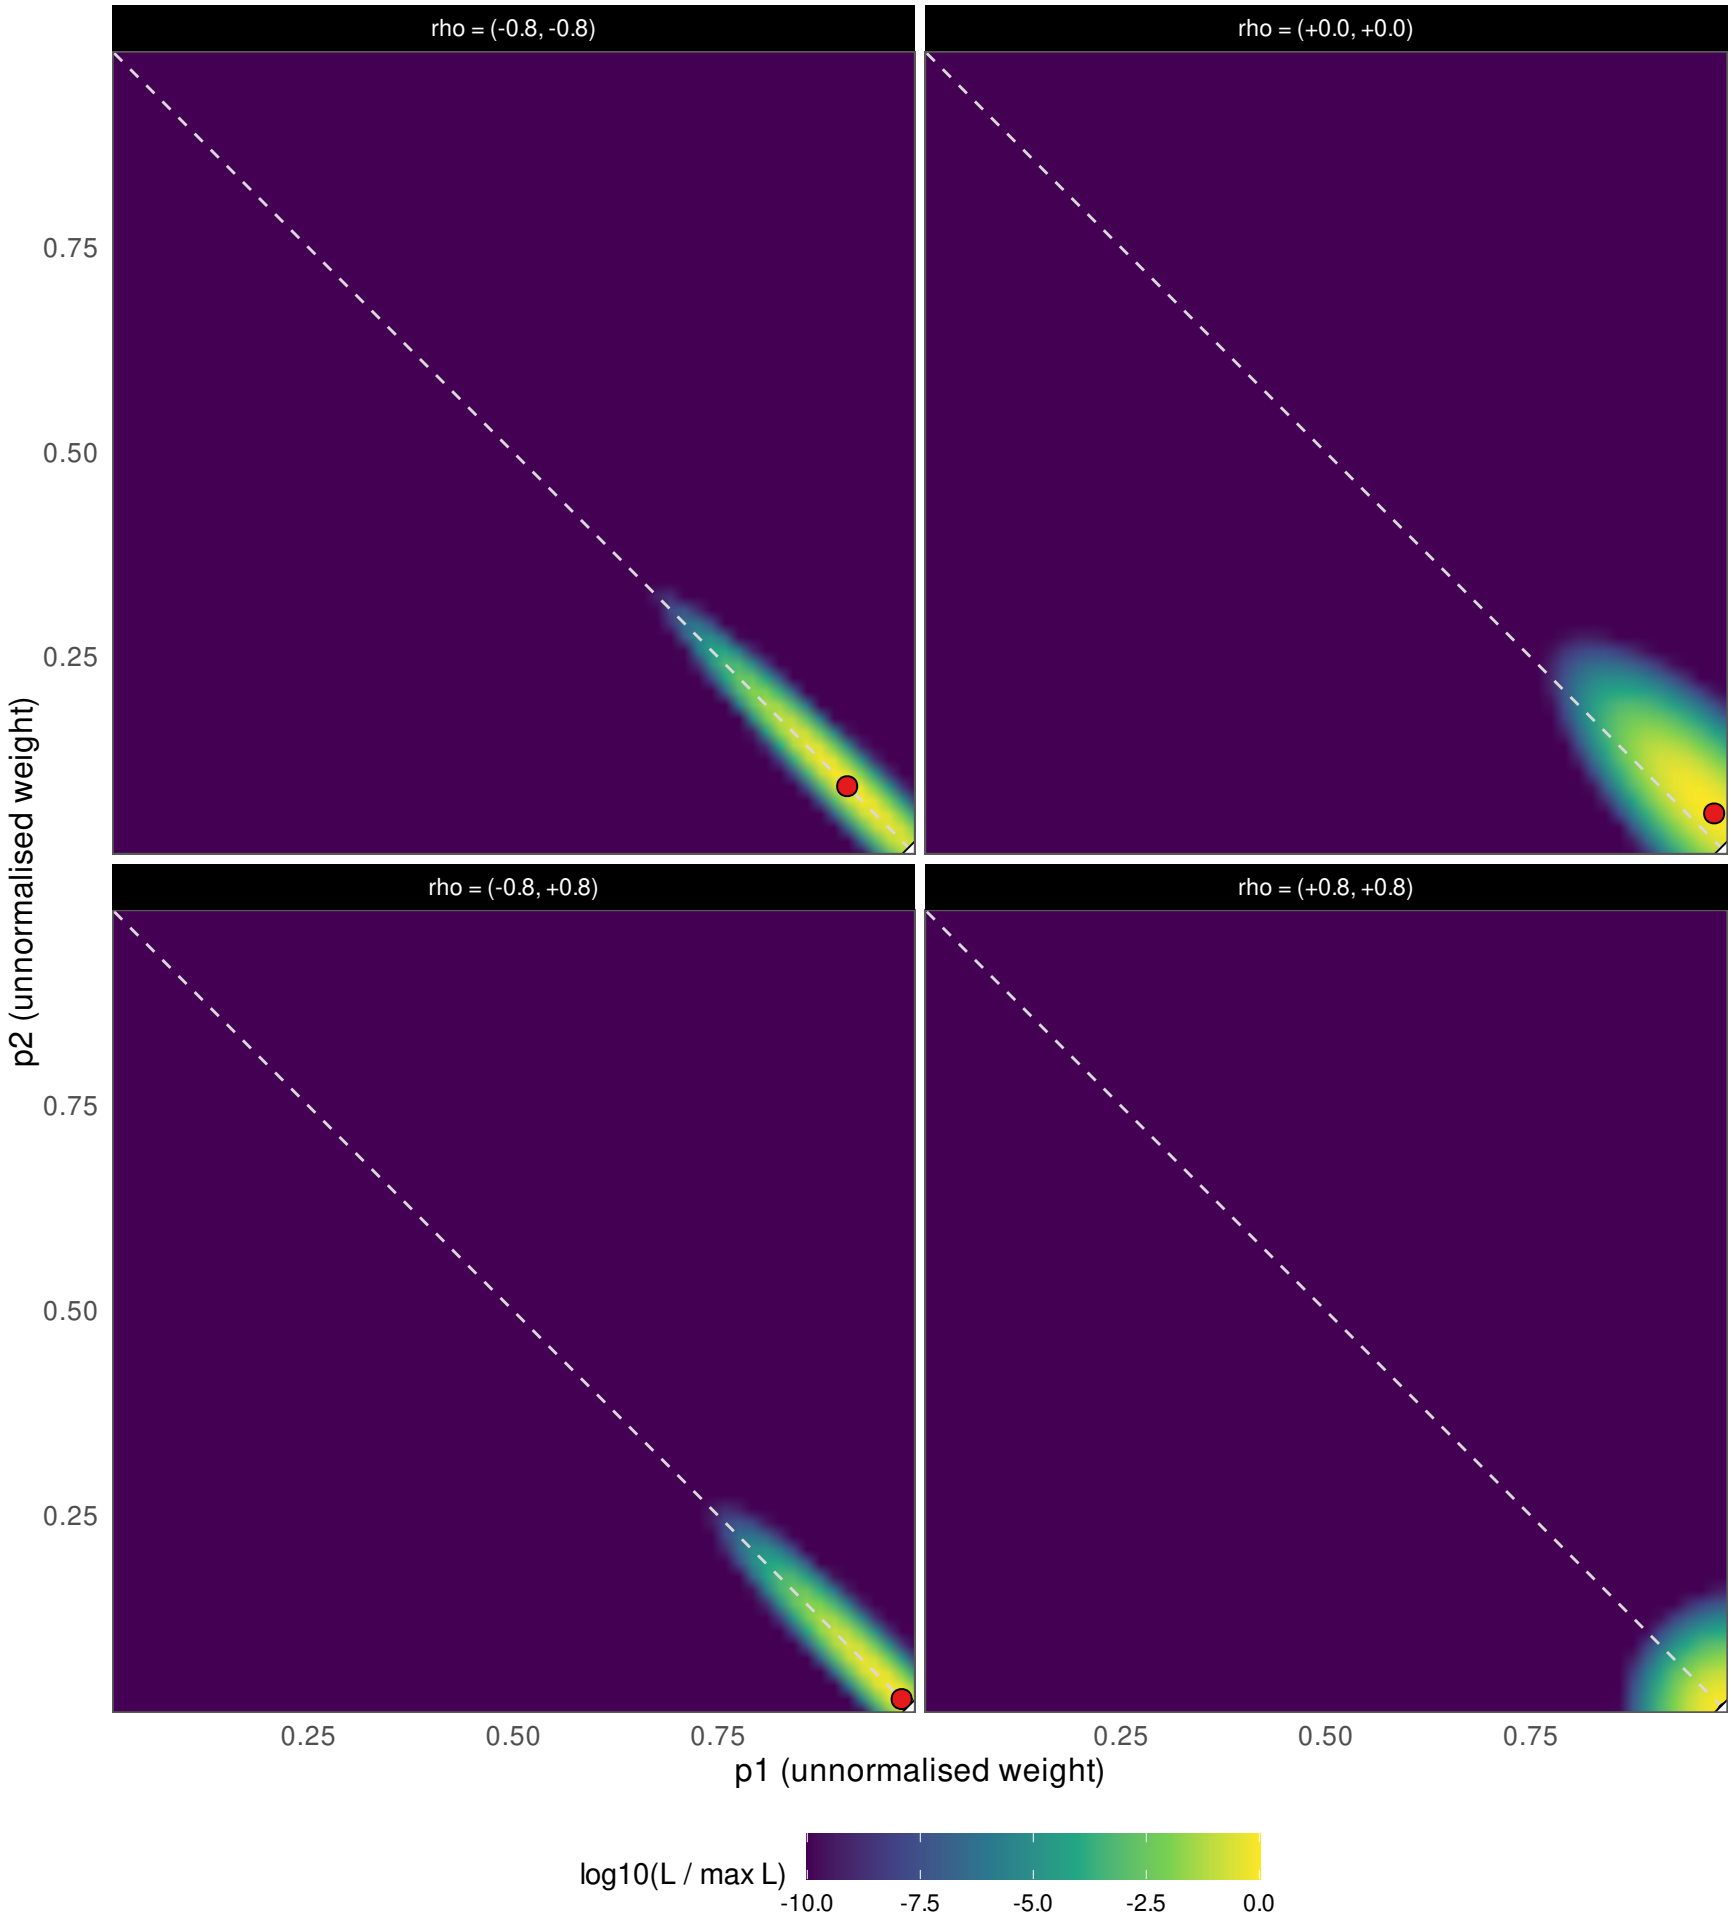

Log-likelihood of the first simulated bulk. Fill: log10(L / max L), floored at -10.

◇ true p* ● maximum on the grid

Observed log-likelihood

large centroid gap / homoscedastic / highly unbalanced

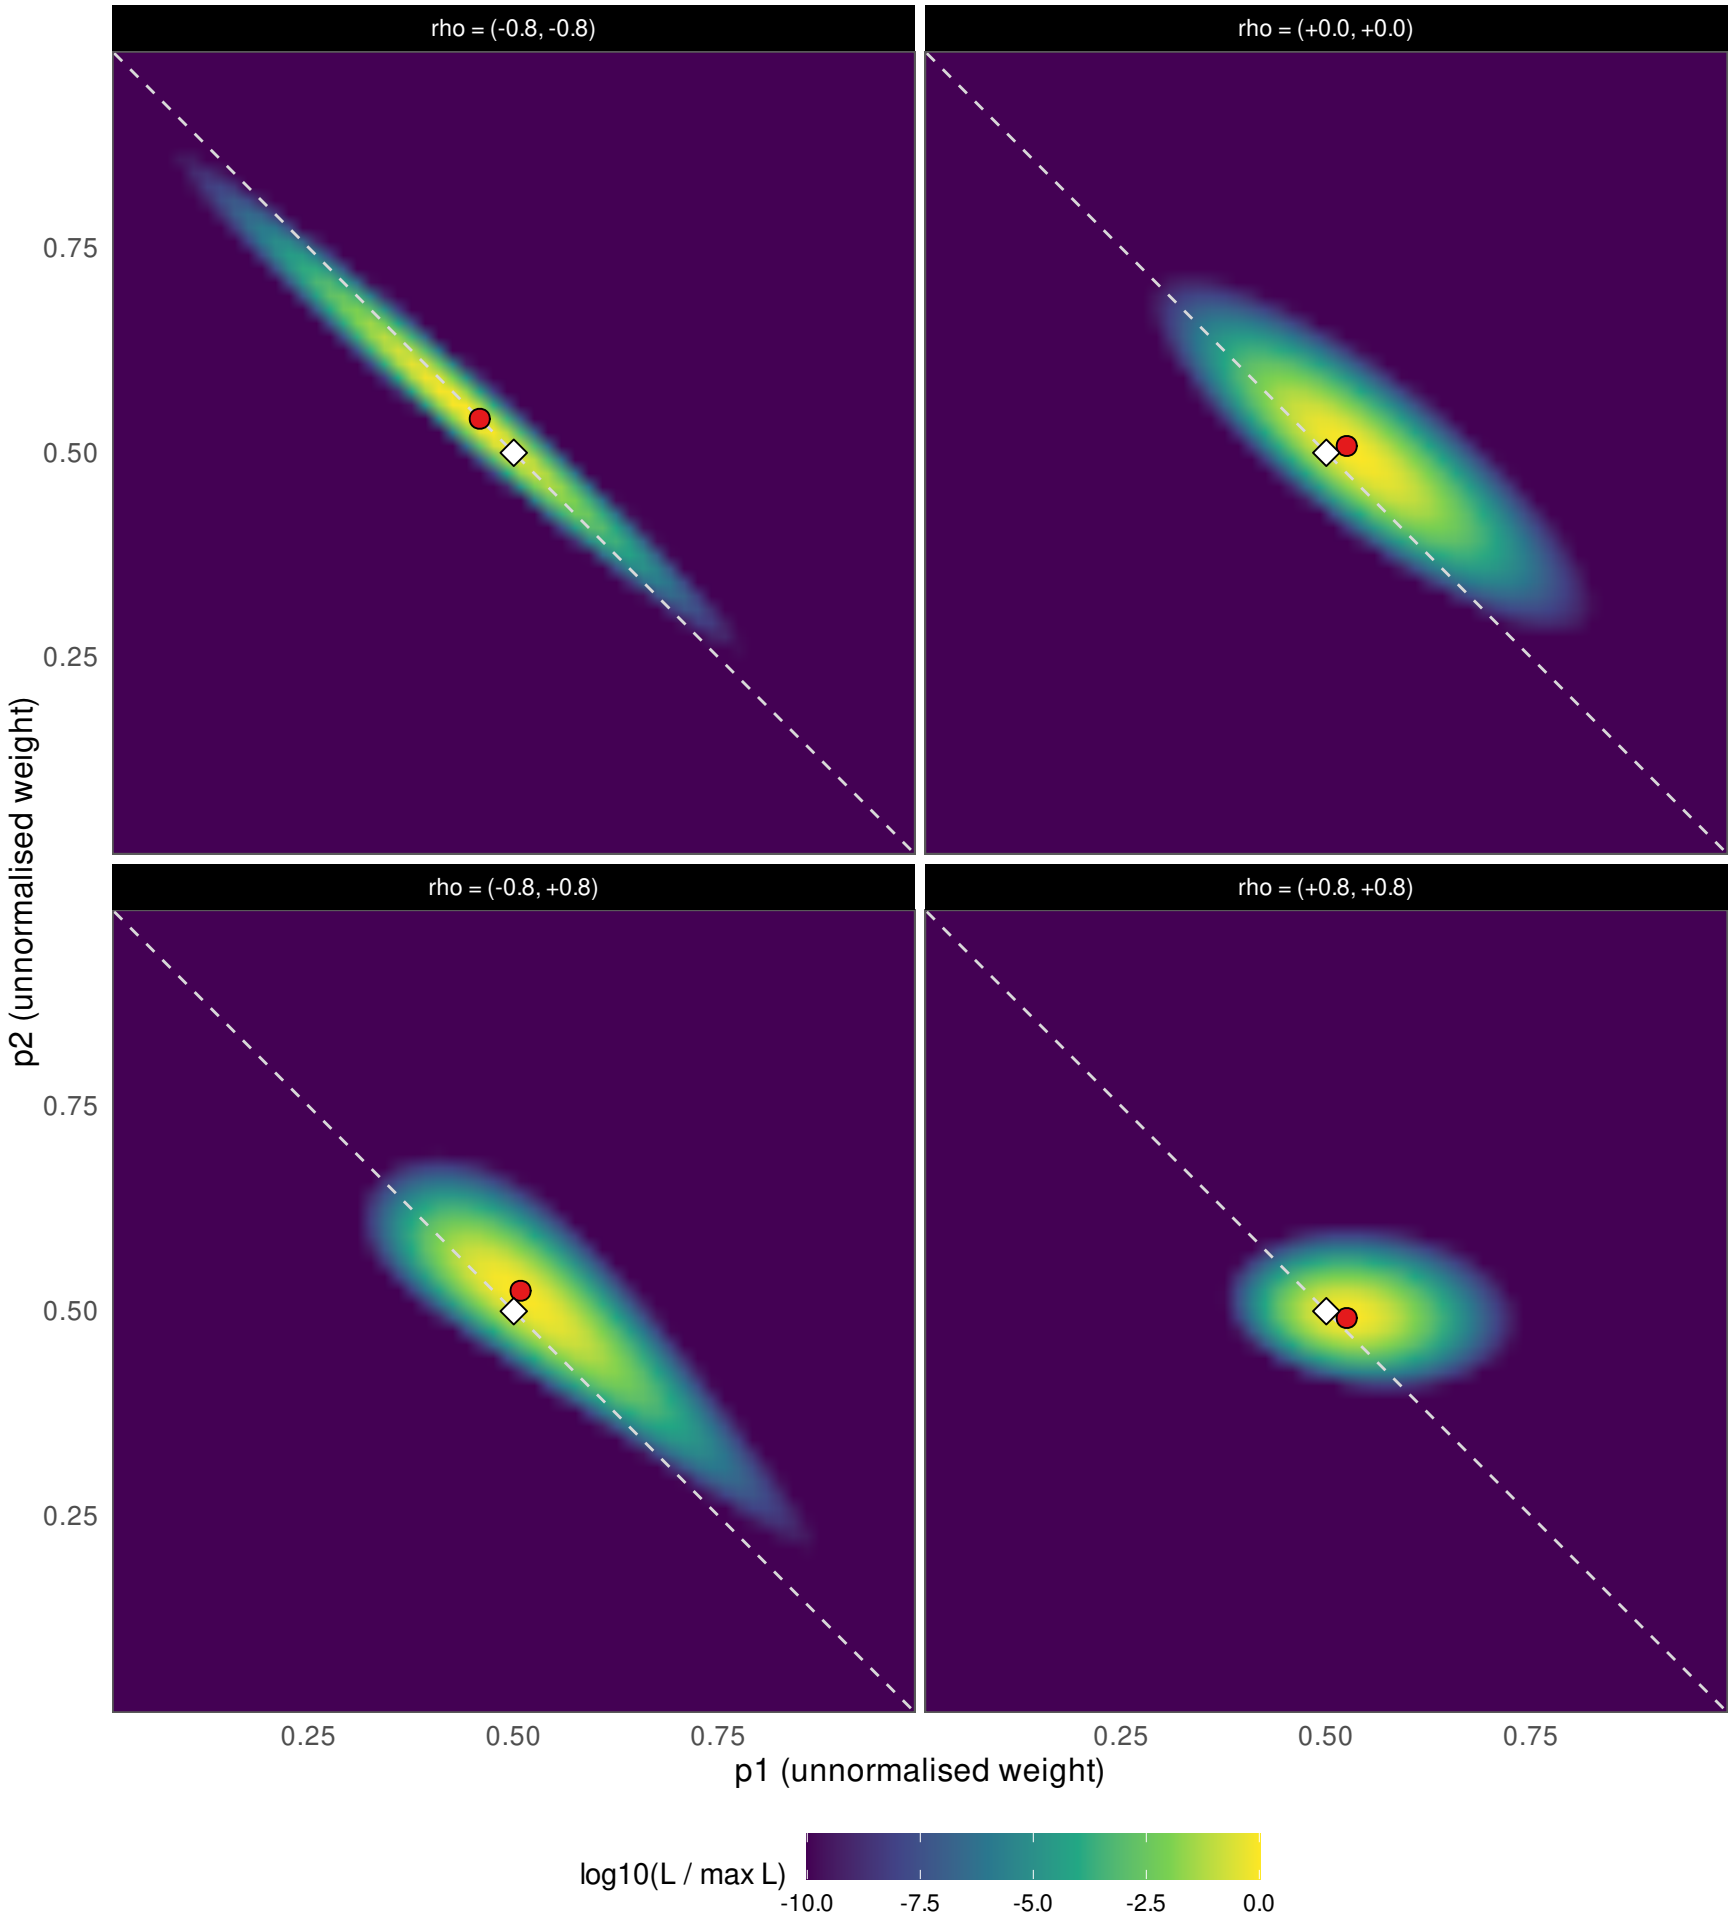

Log-likelihood of the first simulated bulk. Fill: log10(L / max L), floored at -10.

◇ true p* ● maximum on the grid

Observed log-likelihood

large centroid gap / heteroscedastic / balanced

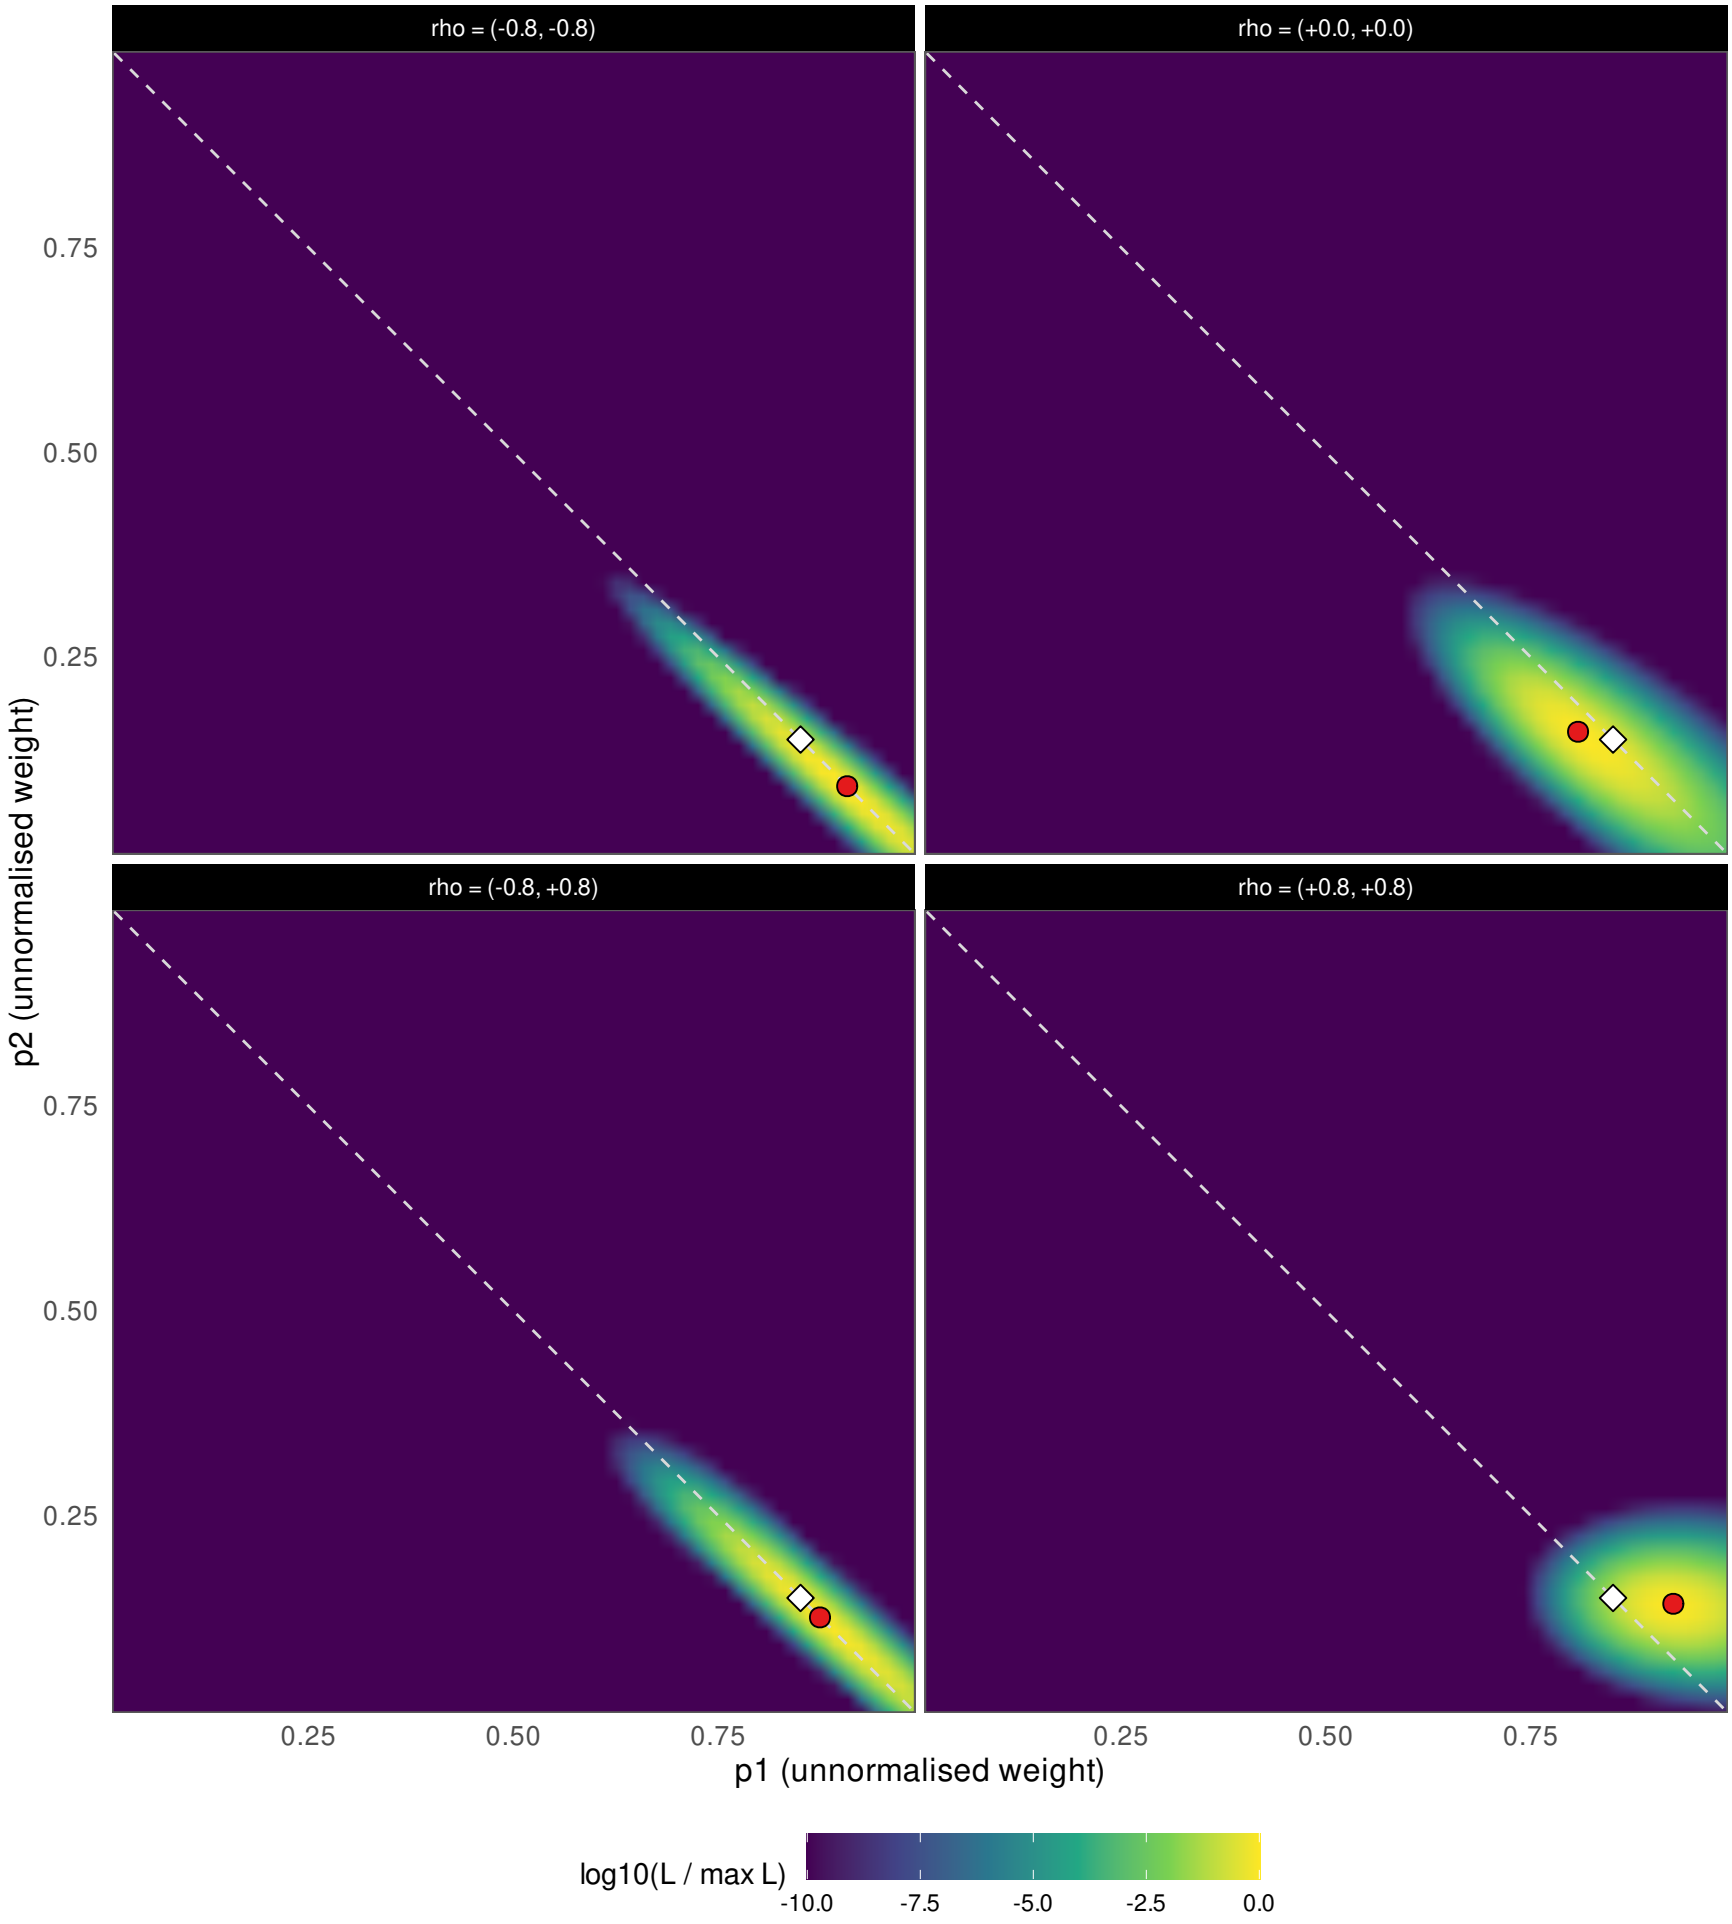

Log-likelihood of the first simulated bulk. Fill: log10(L / max L), floored at -10.

◇ true p* ● maximum on the grid

Observed log-likelihood

large centroid gap / heteroscedastic / moderately unbalanced

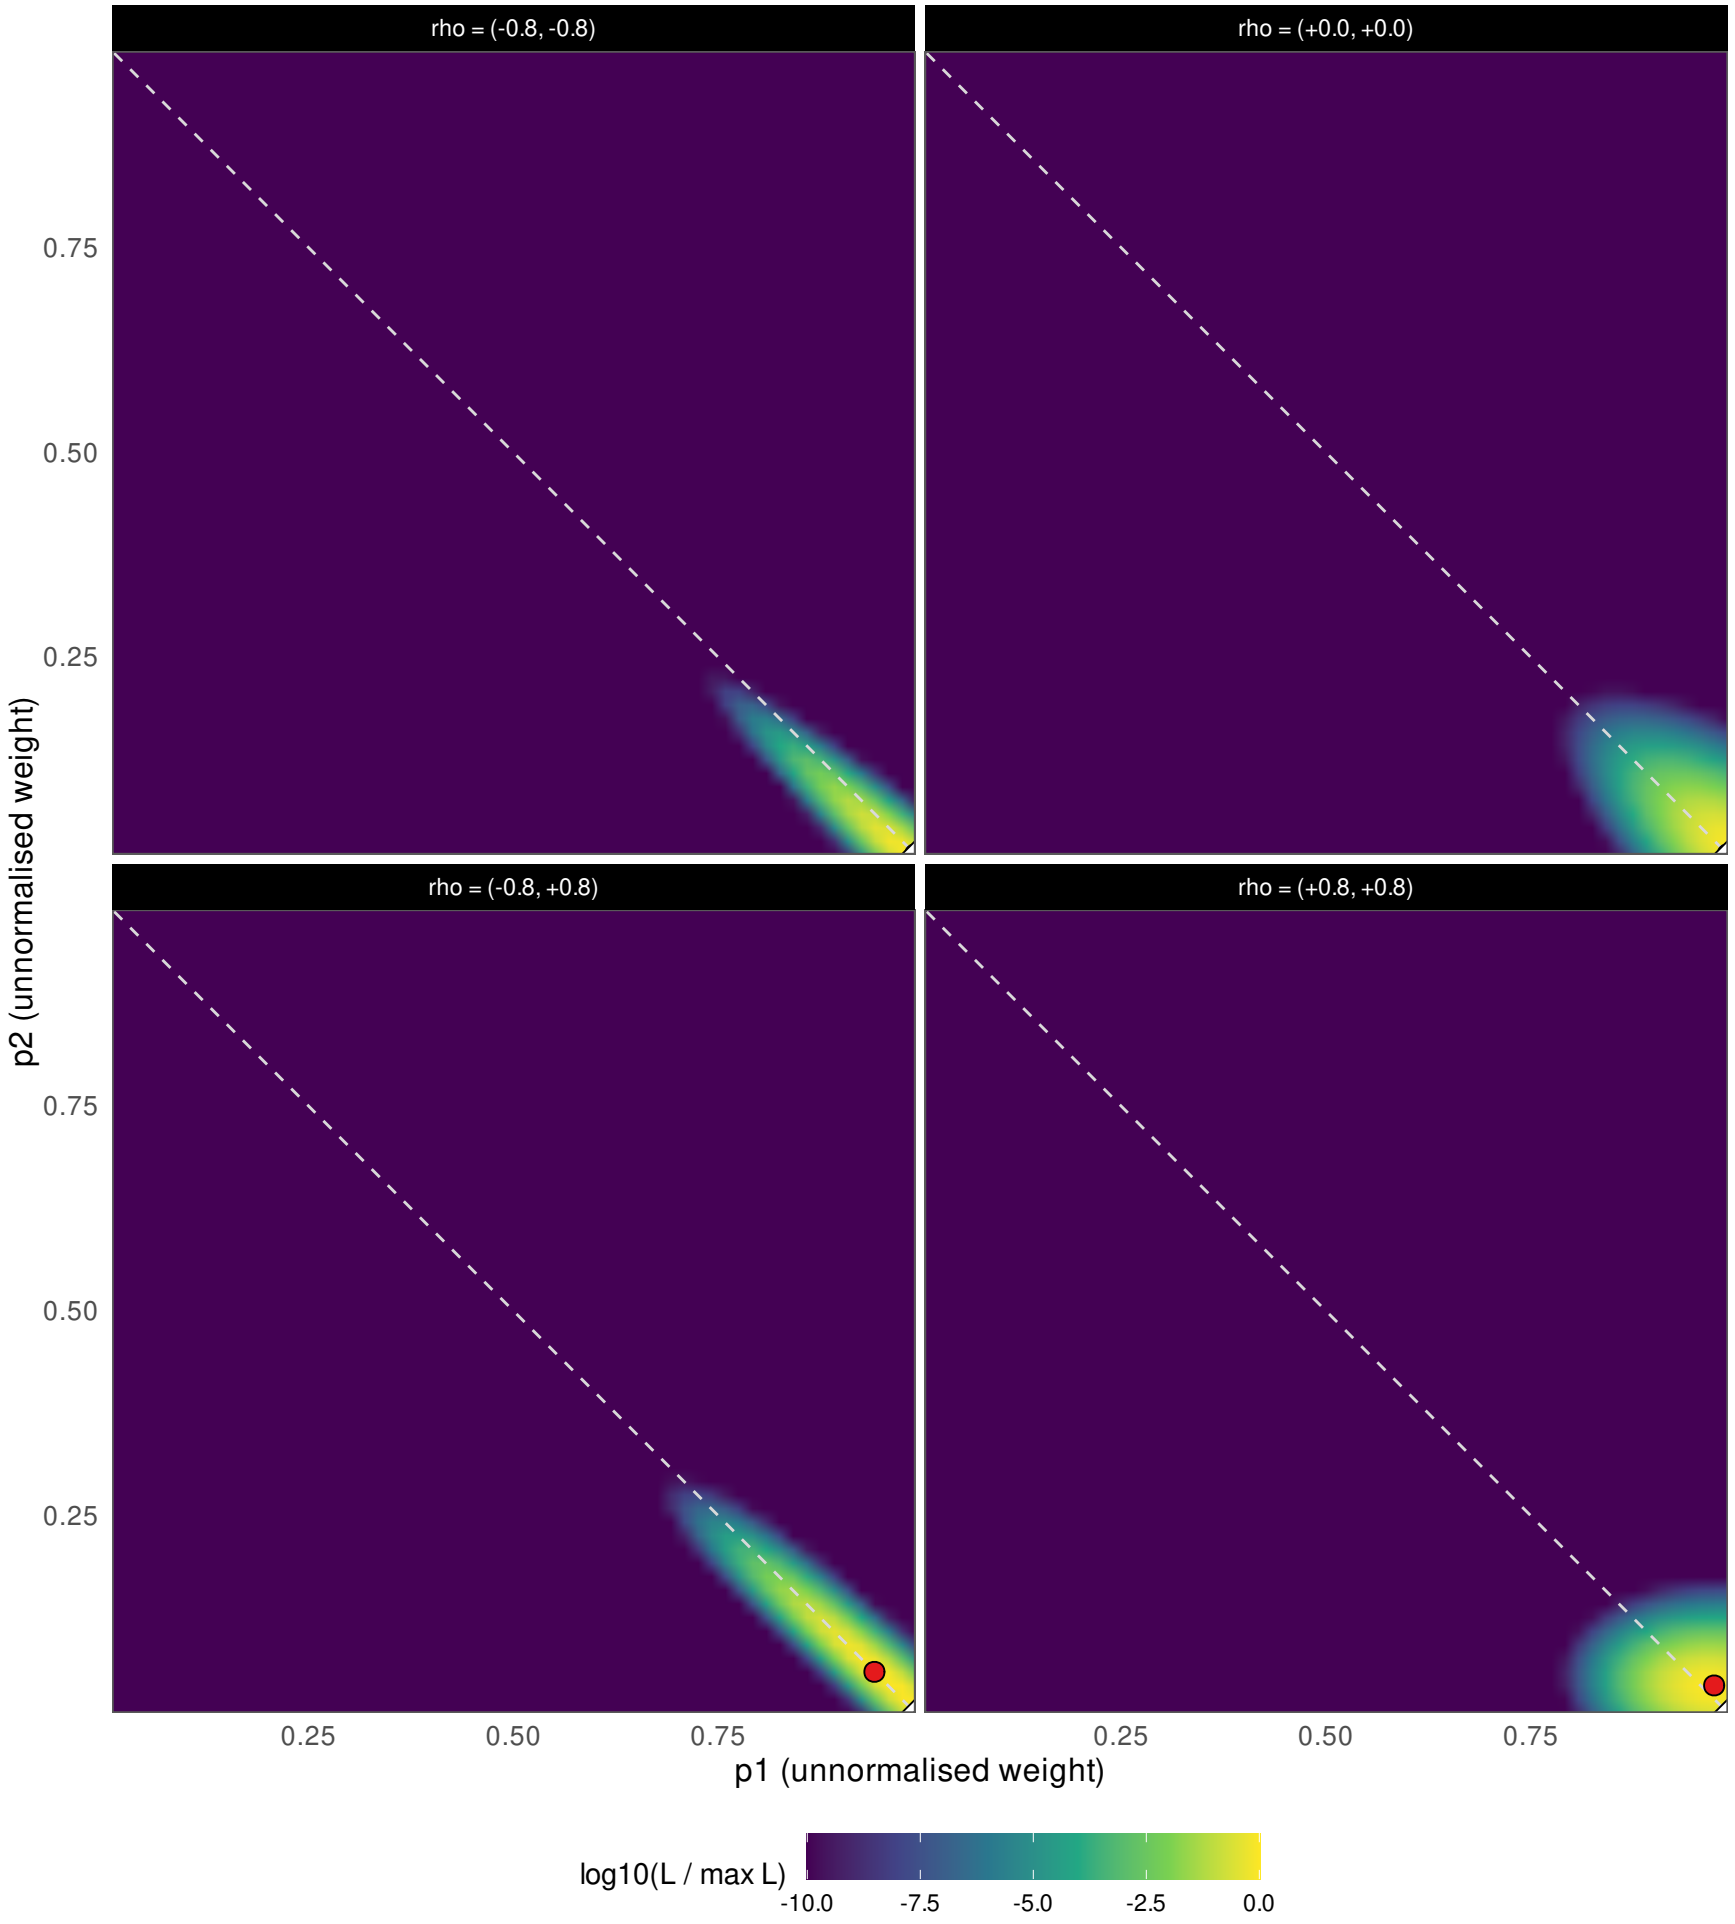

Log-likelihood of the first simulated bulk. Fill: log10(L / max L), floored at -10.

◇ true p* ● maximum on the grid

Observed log-likelihood

large centroid gap / heteroscedastic / highly unbalanced

Log-likelihood of the first simulated bulk. Fill: log10(L / max L), floored at -10.

◇ true p* ● maximum on the grid
